'Infamous' Says President Truman Of Hungary Trial

President Says U. S. Seeking To Determine If Peace Treaty Is Violated

SEVERAL STEPS ARE CONSIDERED

By JOHN A. REICHMANN
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 10.—President Truman today condemned the trial and conviction of Cardinal Mindszenty as "infamous" and called the proceedings a kangaroo court which will go down in history as a "blot" on Hungary's record.

The chief executive emphatically told his news conference that Secretary of State Acheson's blistering denunciation of the Hungarian Communist government has his entire approval.

The president said the United States is seeking to determine whether the Mindszenty case is a violation of the Hungarian peace treaty, but that the question has not yet been carried to its conclusion.

A reporter asked Mr. Truman whether he did not mean a "government" rather than a "nation" was responsible for the imprisonment of Cardinal Mindszenty.

Makes Distinction

The chief executive replied that a nation is responsible for its government, but later made a distinction between the terms "nation" and "people."

He said that of course in a police state people cannot be responsible for their government. He was speaking, he explained, of the present government of Hungary.

Mr. Truman in denouncing Hungary took the unusual step of allowing the harsh words "infamous" and "blot" to be quoted directly.

The United States is considering retaliation measures against Hungary, including possible severance of commercial relations.

Acheson spurred state department legal experts in planning action against the Communist regime which he has accused of "wanton persecution" of the Roman Catholic primate.

Another grass fire in the Union township area called out the Union township firemen to the Lasky farm on the old Harbor road about 6:05 p. m. Wednesday. The firemen were able to extinguish the fire in a short time without loss of property. The unusualness of the present season is responsible for the numerous grass fires which have been reported the past few days.

If present weather conditions persist, Lawrence county highway department should have the lowest maintenance costs for snow removal and other costs on record for any one given season. The department is still engaged in unloading cinders which have been shipped in for use in the county. The mountainous piles of cinders will be built up for next season if not used now.

Arthur B. Harris, who has charge of the city's parking meters, has many interesting experiences in his job of seeing that these are kept in good working condition, in spite of folks' efforts to make them do the opposite. The other day he ran across an interesting example of phonetic spelling in his rounds. Approaching one of the meters in the downtown section, he espied a slip of paper tucked in the top of the meter, on which was the inscription "Meatbar won't work".

Program Presented

After partaking of the delicious dinner, Mrs. Harry Helmick, president of the Ladies of the Lions Club knew what they were about, when they cancelled their regular luncheon meeting this week, in favor of the Valentine Dinner Party which was arranged by the Ladies of the Lions, and which took place in the Castleton, Wednesday evening.

To say that it was a nice party would not be doing justice to the affair. The members of the committee had spent the entire afternoon arranging the tables with a setting appropriate to the occasion, the decorations, which were most attractive, being the handiwork of Mrs. Carbis A. Walker. The committee consisted of Mrs. N. J. Jaquish, chairman; Mrs. A. Dewey Shifflet, co-chairman; Mrs. Arthur H. Meek; Mrs. U. A. Leivo, Mrs. W. Roscoe Clement, Mrs. Harding H. Thayer and Mrs. S. Glen McCracken.

An accomplice, Narayan Apte, was also doomed to hanging. Of six others linked to the murder of Gandhi one defendant was acquitted and five others drew sentences of "transportation for life"—which court officials said usually means 14 years' imprisonment.

(Ed. Note: The term "transportation for life" originally referred to lifetime exile on the Andaman Islands which are no longer used as a penal colony. However, the term has survived, but now refers to long prison term, usually 14 years.)

Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

New Storm Moves In On Wyoming Today

DENVER, Feb. 10.—(INS)—A new storm moved in on Wyoming today as train wheels moved in some parts of the state for the first time since last week-end.

The storm—in a twin-pronged sweep from the Pacific northwest and the Arctic—dropped snow over already-clogged roads. The cold weather accompanying it threatened additional livestock losses from Montana to Nebraska.

Five detoured trains of the Union Pacific moved through Denver, with more on the way. They were from Laramie, Cheyenne and Hanna, Wyo.

Three had been blizzard-bound in southeastern Wyoming since Monday and two since Sunday.

Out of Green river in southwestern Wyoming the Chicago-bound

City of Los Angeles and City of San Francisco were running over Denver and Rio Grande tracks across the Rockies, after being rerouted by way of Salt Lake City.

Stranded Trains

Union Pacific officials in Denver said that, barring new storms, their Wyoming-stranded trains were expected to be on the move by tomorrow.

Snow-drifted tracks remained impassable between Green River and Laramie, Wyo.

Snow spread from western Wyoming into the eastern parts of the state, with "ground-blizzard" winds up to 50 miles an hour hampering train track and road-clearing work.

Report Cardinal's Term In Prison Will Be 15 Years

(BULLETIN)

LONDON, Feb. 10.—(INS)—A Reuters dispatch from Budapest quoted the Hungarian ministry of justice as announcing today that Josef Cardinal Mindszenty will be freed after 15 years in prison instead of serving the "life sentence" decreed by the court.

Truman Silent On Down Trend Of Prices In U.S.

Still Holds That Four Billion Proposed Tax Increase Is Urgently Needed

WASHINGTON, Feb. 10.—(INS)—President Truman declared today that despite the break in commodity prices anti-inflation controls and a four billion dollar tax increase still are urgently needed.

The Chief Executive was asked at his news conference whether he felt that inflation controls still are needed, in view of the drop in commodity prices.

Mr. Truman replied with emphasis:

I certainly do.

He added that even if there is a recession anti-inflation powers and increased taxes are as urgently needed now as they were when he asked for them in his State of the Union message.

In response to another question, he replied the Agriculture Secretary Brannan will place the administration's farm support program before Congress as soon as he is all set to do so.

Valentine Dinner Dance In The Castleton Proves Enjoyable Event

PARTY SUPPLANTS LUNCHEON MEETING

Members of the New Castle Lions Club knew what they were about, when they cancelled their regular luncheon meeting this week, in favor of the Valentine Dinner Party which was arranged by the Ladies of the Lions, and which took place in the Castleton, Wednesday evening.

The immense project was announced by H. B. Stewart, president of the Akron, Canton & Youngstown railroad, who conceived and developed a new corporation, the Riverlake Belt Conveyor Lines, Inc., to build the new system.

Stewart, who described the overland tunnel as the "railroad of tomorrow", said the ultra-modern method of transporting bulk cargo would save from 20 to 45 million dollars annually in freight rates on iron ore, coal and limestone.

The 45-year-old Stewart said the project will be financed entirely by private capital.

Gandhi Slayer To Be Executed

Second American Official Ousted From Hungary

U. S. Vice Consul Is Expelled On Charges Of Espionage And Aiding Refugees

(BULLETIN)

BUDAPEST, Feb. 10.—(INS)—The Hungarian government expelled a second American official from Budapest today on charges of espionage and aiding Hungarian refugees to flee the country.

He is Robin E. Steussy, 27, of Madison, Wis., U. S. vice consul.

His expulsion followed that of Stephen Andrew Koszak, a secretary of the U. S. Legation, on similar charges.

A government communiqué charged that the two men smuggled refugees across the frontier in their own cars after bribing a customs officer identified as Dr. Csaba Gal and a number of other persons.

Among the refugees alleged to have been helped in their escape was Istvan Barankovitch, Democratic People's party leader, who is now in Vienna. Steussy and Koszak also went to the Austrian capital.

U. S. Minister Selden Chapin announced Steussy's expulsion shortly before an official communiqué was issued by the government.

Chapin—himself a target of the Budapest regime—declined comment on the incident, saying merely that "every government has the right to request a foreign diplomat to leave."

Steussy, who was assigned to the legation last March, was given only 24 hours notice.

The action marked the second time within a week that the Soviet satellite government has taken such action against a U. S. Legation aide.

The telegram sent to the White House by the Citizens Committee declared that some two million Philadelphiaans would encounter "hardship and danger" if the strike goes on.

"All efforts at mediation have collapsed," the committee informed Mr. Truman.

Meanwhile, a qualified agreement to hold an 11th-hour negotiating session this morning is all that stands in the way of the walkout scheduled for midnight.

Judge Weiss' attack came when he returned a not guilty verdict in the case of Edward S. Christie and his wife, Barbara, of Pittsburgh, who were charged with selling liquor to intoxicated persons.

Judge Weiss asserted that the fact that the couple also was given a 15-day license suspension by the board on the same count amounted to "double jeopardy". He added:

"In some parts of the state (the board) merely cites them and does not bring criminal charges. In others they do both. It all depends on who's who."

Four Quadruplets Down With Measles

PITTSBURGH, Feb. 10.—(INS)—The "inconsistent policy" of the Pennsylvania liquor control board was under fire today by Allegheny County Judge Samuel A. Weiss.

The board's policy results only in citations for certain license violators and criminal charges for others.

Using valentine colors and menu, Mrs. Daniel Moore and Mrs. Edward A. Hennion, hostesses, served refreshments.

SOCIETY & Clubs

B.P.W. CLUB MEMBERS HAVE INITIATION

Business and Professional Women's club held their monthly meeting at the First Methodist church, Wednesday evening. There were ninety-six members present. Tables were beautifully decorated in the Valentine motif.

Impressive initiation services were held and eighteen new members were taken into the fellowship of the club.

Group singing throughout the evening was enjoyed, with Mrs. Maureen Van Gorder leading and Miss Olive Webb at the piano. A solo, "The Golden Key" was sung by Miss Myrna Kelley.

A program telling of the history of the B.P.W. clubs was given. Miss Helen White, chairman of the Membership Committee, introduced the speakers.

Miss Dorothy Parry reported on the National Federation and stated there are 2200 clubs represented in the National Federation. Mrs. Pearl Johnson reported on the State Federation and related that the club had been organized in 1919. Miss Mary Browne, one of the local club's members helped to write the State Constitution of the B.P.W. Club. At the present time there are 126 clubs in Pennsylvania and New Castle has the largest in the State. Miss Alice Sterling, club historian, spoke about the history of the local club. She told of the various steps in the progress of the club, which had its origin in a Y.W.C.A. club.

Mrs. Sara Sankey McCune, gave an interesting talk on the International Federation.

Miss Mary Elizabeth Norris explained the meaning of the different parts of the emblem and the "Emblem Benediction" was then sung by the group.

The following were initiated into the club: Mrs. Evelyn Cavill, Mrs. Hannah Trodden, Mrs. Carrie Swanson, Miss Grace Kelley, Mrs. Lillian Edmunds, Miss Hanna Richards, Miss Mildred Gill, Miss Lois Lightner, Miss Dorothy Pregeren, Mrs. Anna Phillips, Mrs. Becky O'Reilly, Miss Rita Metz, Mrs. Jeanne Wieneke, Mrs. Margaret Callahan, Mrs. Sue Turner, Mrs. Nell Gordon, Mrs. Anna Denniston, Mrs. Edith MacCusin.

Miss Evelyn Spencer, president, presided at the business meeting, at which plans were made for the Annual Style Review of the B.P.W. club, to be held at Strous Hirschberg Co., March 16, the proceeds of which are for the benefit of the Cancer Detection Center. Miss Mary Bigley is general chairman.

The New Castle Club is planning to have the District meeting in New Castle in April. Miss Florence Davis is co-chairman of the district.

Members of the membership committee who were responsible for the splendid meeting are: Helen White, chairman; Ruth Hanna, co-chairman; Betty Hamm, Thelma Pankratz and Jeannette Hutton.

March 9 is the meeting with Mrs. George Lowers and Mrs. Harry Micaletti being hostesses.

Ritz Club Meets

Members of the Ritz club met with Mrs. James Bongivengo, Glass street, Wednesday evening, and a Valentine party was enjoyed.

Prizes for contests were awarded to Mrs. Fred Farone and Mrs. Anthony Panella. Valentine favors marked each place at the table, and the hostess served a tasty lunch. Mrs. James Barlett aided in serving.

February 23 is the meeting with Mrs. Albert DePalo of East Long avenue.

Members of the other groups are assisting the Mercer class in making arrangements.

GARDEN DEPARTMENT HEARS BOOK REVIEW

Members of the Conservation and Garden department of the New Castle Woman's club were entertained in the home of Mrs. Axel Bergland, 414 E. Sheridan avenue, Wednesday afternoon.

Mrs. Thomas Allen presided in the absence of the president, Mrs. Andrew Dietterle. Roll call was answered with the name of an unusual house plant.

Program chairman Mrs. Thomas Allen introduced Mrs. C. R. Brenner, who gave a most interesting and entertaining book review on "Road to Survival", by William Voigt. She also read two poems from a book called "Earthbound" by Sudie Stewart Hager. The ladies thoroughly enjoyed the program.

Tea was then served from a beautifully appointed table, centered with red roses and tall red tapers. Mrs. Brenner and Mrs. Allen presided over the tea table, assisted by Mrs. Russell Rhodes, Mrs. C. E. Aiken, Mrs. John McGrath, Mrs. Frank Bolinger and Mrs. G. H. Fisher.

EAST SIDE GARDEN CLUB HAS PROGRAM

St. Joseph's church was the scene of a lovely wedding Wednesday morning, February 9, at 9 o'clock, when Miss Mary Louise Perry, daughter of Mr. and Mrs. James Perry, of 12 West Lawrence street, became the bride of Carl Stembal, son of Mr. and Mrs. Frank Stembal, of 1312 Hamilton street.

Rev. Fr. Raymond Must, an uncle of the bride, of St. Wendelin's church in Carrick, Pa., officiated at the double ring ceremony, assisted by Rev. Fr. Bernard Carlin, of St. Rosalia church, of Pittsburgh, and Rev. Fr. John M. Unger of St. Joseph's, New Castle.

The bride, given in marriage by her father, was attired in a gown of white brocaded satin, trimmed with rhinestones and styled with long train. She wore a long veil which fell from a crown of orange blossoms and carried a colonial bouquet of mixed white flowers.

Miss Jean Cullen, of Youngtown, O., as maid of honor, wore a yellow silk gown, styled with a marquise sash. She wore a silver tiara in her hair and carried a colonial bouquet of yellow mixed flowers.

As bridesmaids, Miss Virginia Fobes was attired in a colonial style gown of deep blue satin, Miss Delores Bulisic in dusty rose satin and Mrs. Dorothy Stembal in light blue satin. All the bridesmaids' gowns were styled identical. They wore silver tiaras in their hair and carried colonial bouquets of mixed flowers to match their gowns.

Nicholas Borke served the groom as best man and the ushers were John Costa, Michael Chabak and Donald Stembal.

A dinner was held at the Eccliesian club for 75 guests and a reception was held in the evening at the same club for 300.

The newlyweds left on a wedding trip to Washington, D. C., and upon their return they will reside on Huron avenue.

Mrs. Peter DelRaye of Springfield, Mass., announces the approaching marriage of her sister, Miss Nella Lumicisi, of Springfield, daughter of Mr. and Mrs. Angelo Lumicisi of 255 Viale Pr. di Piemonte, Rome, Italy, to Thomas DeVitto, son of Mr. and Mrs. Oddone DeVitto, 605 Wall street, New Castle.

The wedding ceremony will be performed on Saturday, February 26, at 4 p.m. in the church parlors of the First Presbyterian church, this city. Dr. R. F. Galbreath will officiate.

Mrs. Sandra DelRaye will be her sister's matron of honor.

Peter DelRaye will serve as best man.

Miss Lumicisi has arrived in this country and is residing with her sister at present. She will arrive here later this month.

CHRYSLER CLUB HAS NEW MEMBERS

Chrysler club convened Wednesday evening and welcomed two new members: Mrs. A. C. Ricciardi and Mrs. A. J. Capezio. They met with Mrs. John DeSanti, East Linton street.

Mrs. John Fuleno and the hostess' daughter, Joan DeSanti, were honored on their birthdays, the latter's thirteenth anniversary being held. They received gifts. The anniversary of Mrs. Dominic Retort was observed and she too received a gift.

Prizes were awarded later to Mrs. Anthony Croach, Mrs. Dominic Retort, Mrs. Anthony Fuleno and Mrs. A. J. Capezio.

A long table was attractively arranged from which the members enjoyed a tasty lunch, the Valentine motif predominated. A cake was the centerpiece. The rest of the decorations were in the Valentine motif. Presiding at the tea table were Mrs. F. R. Woods, who was the first president of Wimodausis and Mrs. Walter Gilmore, the presiding officer. Members of the board were hostesses for this meeting.

The next meeting will be March 9, with the hostesses to be announced.

NORTH BEAVER CLUB HEARS FLOWER TALK

North Beaver Garden club met in the home of Mr. and Mrs. William Davis, Wednesday. Mrs. Howard Butler gave an interesting talk on "Primrose", the flower of the month. W. H. McCullough reviewed some of the activities of legislature and some of the things we can do to help receive correct legislation. Miss Leora Hanna accompanied Don Martin, who sang two numbers.

The program committee consisting of Miss Frances Fullerton, Mrs. Dale Andrews and George Clark served refreshments.

The next meeting will be in the home of Mr. and Mrs. Harry Reed.

AUXILIARY AT FIRST CHURCH HAS MEETING

Members of the Westminster Auxiliary of the First Presbyterian church met in the church parlors, Wednesday, with president, Miss Geraldine Fry, presiding.

Mrs. Ira Ramsey, Jr., was in charge of the devotions. It was decided that the Auxiliary would take charge of the opening services at the mid-week church service, March 16. Miss Lena Mae McConnell, Mrs. William H. Blews, Jr. and Mrs. Ira Ramsey Jr. were appointed to make plans for it.

Miss Olive Webb introduced the speaker for the evening, Mrs. Cyril Smith, of the City Rescue Mission, who gave an interesting and inspiring talk on the work carried on there.

Refreshments were then served by the hostesses: Miss Anna Mae Schiek and Miss Olive Webb.

READING CIRCLE '91 DISCUSSES SPAIN

Reading Circle '91 met in the Y. W. C. A. Monday afternoon, at which time Spain was their topic for discussion.

Mrs. Lester Waite read a paper on "The Historical Background of Spain" and Mrs. Daisy Slater had a paper on "Spain As It Is Today". Roll call was answered with an interesting point on Spain.

The mid-year party will be held in a local tea room at the next meeting, February 21.

DONNA BARTLETT FETED AT SHOWER

Miss Donna Bartlett, bride-elect of this month, was honored Wednesday evening when neighbors were entertained at a delightful party in the home of Mrs. W. J. Hanna, King avenue, with Mrs. William McGuire as co-hostess.

Trophies for games were awarded Mrs. George Vanus Jr., Mrs. Gordon Vanus and Mrs. Luther Gilbert. Using a red and white color scheme, Mrs. Hanna and daughter, Mrs. McGuire, served lunch at a table, centered with a heart-shaped cake, upon which were the words "Donna and Al".

The honoree was recipient of a variety of lovely gifts for use in her new home.

Mrs. Bartlett, daughter of Mr. and Mrs. Donald Bartlett, King avenue, will be unite in marriage to Alvin M. March, son of Mr. and Mrs. Perry F. March, 1608 East Washington street, Saturday, February 19. The open church ceremony will take place at 7:30 o'clock in the evening at First Methodist church.

PERRY STEMBAL MORNING SERVICE

St. Joseph's church was the scene of a lovely wedding Wednesday morning, February 9, at 9 o'clock, when Miss Mary Louise Perry, daughter of Mr. and Mrs. James Perry, of 12 West Lawrence street, became the bride of Carl Stembal, son of Mr. and Mrs. Frank Stembal, of 1312 Hamilton street.

Rev. Fr. Raymond Must, an uncle of the bride, of St. Wendelin's church in Carrick, Pa., officiated at the double ring ceremony.

The bride, given in marriage by her father, was attired in a gown of white brocaded satin, trimmed with rhinestones and styled with long train.

Miss Jean Cullen, of Youngtown, O., as maid of honor, wore a yellow silk gown, styled with a marquise sash. She wore a silver tiara in her hair and carried a colonial bouquet of yellow mixed flowers.

As bridesmaids, Miss Virginia Fobes was attired in a colonial style gown of deep blue satin, Miss Delores Bulisic in dusty rose satin and Mrs. Dorothy Stembal in light blue satin. All the bridesmaids' gowns were styled identical. They wore silver tiaras in their hair and carried colonial bouquets to match their gowns.

Nicholas Borke served the groom as best man and the ushers were John Costa, Michael Chabak and Donald Stembal.

A dinner was held at the Eccliesian club for 75 guests and a reception was held in the evening at the same club for 300.

The newlyweds left on a wedding trip to Washington, D. C., and upon their return they will reside on Huron avenue.

Mrs. Walter Gilmore, president, opened the meeting with prayer and flag salute and welcomed new members. The ladies then voted a \$100 donation to the Jameson Memorial Aid society, \$100 to the Infantile Paralysis society and \$100 to the Blood Refrigeration Bank.

A memorial was held for four deceased members. As their names were called, white carnations were placed.

Mrs. F. R. Woods installed the new officers and closed a beautifully impressive installation with the words . . . "I will follow the upward road today, I will keep my face to the light, I will think big thoughts as I go my way, I will do what I know is right."

The ladies were then invited to the dining room, where a lovely tea table was appointed with a lace cloth and silver tea service.

The rest of the decorations were in the Valentine motif. Presiding at the tea table were Mrs. F. R. Woods, who was the first president of Wimodausis and Mrs. Walter Gilmore, the presiding officer. Members of the board were hostesses for this meeting.

The next meeting will be March 9, with the hostesses to be announced.

TOP GRADE EGGS

EGG MAID COMMUNITY HENS NEST

It's easy to get clean, fresh eggs with the automatic EGG MAID, because the eggs are instantly separated from the hen after laying, immediately cooled, and automatically collected in a safe, separate compartment away from the hens. The automatic EGG MAID discourages broodiness, and prevents the hens eating and breaking eggs. You will get more money for your eggs if you own an automatic EGG MAID, because your eggs will be fresh, clean, and unwashed. Come and see it, or write for free descriptive literature about the NEW automatic EGG MAID community hens' nest.

Officials considered recalling Selden Chapin, minister to Budapest, for consultation on the situation.

An appeal to the United Nations General Assembly, a step urged by the House Foreign Affairs Committee, appears possible. The formal assembly is due to meet again early this spring.

This body can do little more than hold the Hungarian regime up to world shame, however, and it appears more probable that direct action will be taken if possible.

Human Guinea Pigs Seek Arctic Data

Reactions To Sub-Zero Alaskan Temperatures Will Be Tested By Air Force Fliers

SEATTLE, Wash.—(INS)—A group of "human guinea pigs" is testing reactions to sub-zero Alaskan temperatures as part of a U. S. Air Force-University of Washington research project.

The two-year project to determine effects of Arctic temperatures on the human mind and body is under the direction of Dr. Loren D. Carlson of the university's department of physiology and bio-physics.

Dr. Carlson conducted important research in aviation physiology for the Air Force during the war.

HEADQUARTERS AT LADD FIELD
The present experiments are part of a contract with the Air Surgeon's office. The Arctic research project left this month for its headquarters at Ladd Field, Fairbanks.

"Because Alaska is primarily an air base from a military standpoint, the Air Force is keenly interested in finding out the limits of body reactions under conditions of extreme cold," Dr. Carlson explained.

"In addition, they want to know what factors determine the adaptability of men working under these conditions. With this knowledge, selective tests can be made before assignment of troops to Alaskan duty."

The project will be a coordinated investigation involving many departments of the university. Selected sub-contracts will be awarded by the university to experts from other institutions, to study specific phases of the problem.

THREE TEAMS INVOLVED
The investigation will be handled by three research teams. One will be composed of physiologists, electronic engineers, mechanical engineers, physicists and chemists to study the effects of Arctic temperature on the body.

Another team will consist of psychologists, concerned with fatigue, performance and other mental phases of the problem.

A third team, of zoologists and botanists, will study Arctic animals to determine if factors of animal survival can be applied to humans. A list of edible plants may also be formulated during the study.

Beach Towels Get
New Use By Milady

NEW YORK, Feb. 10.—(INS)— Beach towels took on sex appeal in New York today.

A fashion designer lifted the conventional old terry cloth from its bathroom rack and gave it a glamorous new shape. She cut it into a skimpy after-bathing garment called the "dry-off."

The "dry-off" is a one-piece body warmer designed like a playsuit. It has a button-down front, sleeves that clutch the elbow, and shorts that are shorter than an Arctic dip.

After her swim, the wearer slides into the terry-cloth and watches the absorption...

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, Feb. 10—Quickie interviews:—

A personable guy named Jeffrey Sayre knocks down a juicy living portraying croupiers and gamblers dealers in the movies.

Hollywood hotshots constantly hone up to Sayre, on and off the sound stages, trying to latch onto foolproof gambling systems.

"There ain't any," insists Sayre, who got his start in the gambling racket in Chicago during the roaring twenties. "Only suckers gamble."

He declared:

No System Works
"No system in the world works
And there isn't a stake big enough
to break the bank."

"You don't have a chance
whether you take a crack at poker,
roulette, gin-rummy or the ponies."

"In all my years of moving
through the gambling houses of
America, Paris, Monte Carlo and
Cannes, I never have run across a
crooked joint. The house doesn't
have to cheat. The law of averages
assures the house of winning."

"The only way to win is to stop
playing the moment you've won."

On a nearby set we ran into
Corinne Calvert, the beautiful
young French actress, who let it be
known that she admires America's
four freedoms, and a fifth besides.

"I like," she said, "the freedom
of dress worn by women in the
United States."

Over here a well-tailored suit
can form the basis of your wardrobe.
But in France women can
only dress informally until noon.

Teachers College Willed Large Sum By Former Student

INDIANA, Pa., Feb. 10.—Indiana State Teachers College will receive over \$110,000 from the estate of the late Mrs. Corinne Menk Wahr, widow of a Pittsburgh industrialist. Value of the estate was much greater than first anticipated.

Originally \$50,000 had been disclosed as the amount in which the school would share. Mrs. Wahr was a former student at Indiana State Teachers College and a graduate of the class of 1916. She was the widow of the former president of the Mesta Machine Company who died in 1930, only two months after their marriage.

The University of Pittsburgh and Allegheny College at Meadville will also share in the estate.

Would Streamline
Accounting Methods

HARRISBURG, Feb. 10.—(INS)—The senate Wednesday considered a measure to streamline the state's accounting methods.

Sen. Joseph J. Yosko, (D) Northampton, introduced a bill carrying a \$75,000 appropriation to the joint state government commission to study the accounting methods of state departments.

Yosko listed 112 state-owned departments, boards and commissions; 254 state-aided institutions and 578 liquor stores which could use modernized accounting methods.

"The accounting system in many of the departments and boards has come into existence, not as a result of intelligent planning," Yosko declared, "but as a result of a mush-room growth, which has developed confusion."

Girl On Trial In
Pittsburgh Court
On Murder Charge

PITTSBURGH, Feb. 10.—(INS)—The prosecution expected to call additional witnesses today, in the murder trial of an 18-year-old juvenile court ward, to show that the girl deliberately set her great-aunt afire after striking her with a flower pot.

The trial got under way Wednesday afternoon after the murder jury, accompanied by the defendants, Deloris Waldo, visited the home where Mrs. Gertrude Norris, 61, was fatally wounded.

The opening phase of the trial was devoted to medical testimony describing Mrs. Norris' condition after she was removed to a hospital where she died.

Dr. Albert Tuttle, who attended

Mrs. Norris, said that in his opinion the woman would have died if the burns alone even if she had not been struck on the head. He testified:

"The woman was screaming in agony. The clothing, what was left of it, was charred and smoldering. The smell of burnt flesh was in the air. She was thrashing about. Her back was charred so badly it was brittle."

In his opening address, Prosecutor Samuel Strauss said the state will show that Deloris had an argument with her great-aunt the day before the slaying, over a boy friend of Deloris' and a \$10 loan.

Defense Attorney Charles J. Margiotti, Judge Sara M. Soffel and Prosecutor Strauss accompanied the jurors to the house with Deloris.

Senator Morse during the hearings.

The latter pointed out that the coal strike continued for eight days after the injunction was issued in Washington. John L. Lewis and the United Mine Workers were fined. But no one went to jail and, therefore, the injunction process in its ultimate application was not tested.

Senator Taft himself was cooled off somewhat on the injunction as used to stop a strike. He may vote against it in the final showdown. But he is still in favor of allowing the courts to enjoin a union that violates the law against jurisdictional strikes and secondary boycotts.

At this point Senator Taft and the Morse-Ives combination are likely to part company. Senator Morse and Ives believe that the ban on jurisdictional strikes and secondary boycotts should be carefully spelled out in the law, which would provide for restraining action by the National Labor Relations Board. Only when a union defied the board would the courts have the power to step in.

In other words, these two reasonable men believe that the power of government to force a settlement should be the ultimate and last resort. Their goal is to

keep collective bargaining as free as possible from the heavy hand of government interference.

THE WORLD AND THE MUD PUDDLES
(Continued from Page Four)

Tojo and the rest were given the longest trial in history. Their cases were heard by civilian judges.

The evidence was weighed carefully, and punishment was fixed in proportion to the weight of their crimes—with the limits of what justice can exact. Naturally, the lives of Tojo and the others cannot pay for their offenses.

Precedent Is Set

At any rate, the precedent is set. But, while it is just, it cannot cover the whole possible field of crimes. The Nazi and German war lords were not punished for losing a war, as some of them claimed. But they could not have been punished if they had not lost it. A victorious aggressor in a world war could not legally be punished by his victims. It is more likely that he might adopt the precedent of Nuremberg and Tojo to punish the leaders who resisted him.

The only solution, of course, is the punishment of aggression at its start by the combined force of international action. That is the United Nations' job. So far the United Nations has given little cause for hope that it could forestall any serious threat to world peace. The will and means to realize that hope must be found. Punishment of aggression after war is morally right, but it is far from the perfect answer.

Propose Boosting Hospital Assistance

HARRISBURG, Feb. 10.—(INS)—A Republican proposal in the Senate Appropriations committee today would boost state-aid to hospitals \$500,000 above the \$13,262,000 recommended in the governor's budget.

The bill was proposed to help the 169 state-aided hospitals finance dispensary service.

Previously Gov. James H. Duff came under attack from the Pennsylvania Hospital Association for his recommendation which called for only \$1,000,000 above current state contributions.

Sens. Louis H. Farrell, Philadelphia, and James A. Geltz and Theodore H. Doehla, both of Allegheny county, co-sponsored the measure.

Erie millers believe the bumper home wheat harvest this year will relax bread rationing.

Union Valentine Dance Successful

Miss Betty Vigne Named Queen Of Hearts At Sophomore Sponsored Affair Wednesday

One of the most successful events of the school calendar took place on Wednesday evening in the Union High school gym when the annual sophomore Valentine dance took place. A very large attendance was on hand with the room decorated beautifully with red and white heart decorations.

Miss Betty Vigne, senior class member was crowned queen of hearts during the evening. She was attended by sophomore class girls: Peggy Hammond, Mary Lou DeVito, Mary Ann Cheyne, Phyllis Phillips, Delores Duda and Darlene Gierlach. The queen and her attendants were presented with lovely corsages.

During the evening, Philip Phillips favored with vocal selections. He was accompanied by Jean Morgan at the piano. Edwin Gorgas pleased with several accordion selections. Committee responsible for the success of the event were: Philip Maronde, president; Ronald Wolfbrandt, vice president; Charles Kelso, treasurer; and Sophie Jendryk, secretary.

Advisors for the group were: Mrs. Allan Brettell, Mrs. Russell Shields and Miss Pauline Grohman.

PERSONALS

Mrs. Morley Sweet of the Dean Building, Croton avenue, who has been quite ill at home for the past two weeks, is slowly recovering.

Mrs. Charles H. Lynn of West Washington street, who recently underwent an operation in the Jameson Memorial hospital, has recovered sufficiently to be removed to the home of Mr. and Mrs. Y. Roy Samuels, 202 Fairmont avenue.

Mr. and Mrs. William Ayres of 106 West Washington street have left for Phoenix, Ariz., where they will visit with their daughter, Mr. and Mrs. Andrew Brown.

STEAL RIM AND TIRE

Jennie Jimm, 109 East Long avenue, reported to police yesterday the theft of a rim and tire from the trunk of her auto. The lock was pried open. The auto was in the garage at the time of the theft.

Harlan Watters Dies In Illinois

Harlan Watters, 917 Freemont avenue, Morris, Ill., died Wednesday at Morris hospital, according to a message received by local friends. Death was caused by complications, Mr. Watters having suffered a broken leg in a fall a month ago.

He was a resident of New Castle and East Brook after his youth at Neshannock Falls. Mr. Watters, who visited in this city last October, was a Carpenter by occupation. He left New Castle for employment with the DuPont company's plant in the district of Morris.

His wife, the former Miss Sara Grim, died two years ago last March.

Funeral services will be conducted Friday afternoon at 2 o'clock from the Davis funeral home, Morris, Ill. Interment will take place in the cemetery at Seneca, Ill.

Brownie Troop 53 gathered at Thaddeus Stevens school February 7, when Nedra Critchlow led the flag ceremony and Brownie pledge with Patty George, volunteer color-guard, assisting at the piano.

Linda Laurel presided when the girls planned to do some handicraft such as embroidery, crocheting and weaving hot pads on a loom.

A scrap book for the Jameson Memorial hospital and one for the New Castle hospital were finished with each Brownie signing her name on the back cover.

After a Brownie tunnel was formed, the group sang "Taps" and passed through the tunnel.

Brownie Troop 54

Valentines were made when Brownie Troop 54 assembled in Clemmore school, where round singing and games were also features. Joining hands in the "Brownie squeeze" closed the meeting.

Kiwanis Hears Scout Program

Members Of Kiwanis Sponsored Troop 37 Guests At Luncheon

TROOP HAS BEEN RE-ORGANIZED

Kiwanis club members learned a little more about scouting and their own Troop 37, which is sponsored by the club, at their noon luncheon meeting in The Castleton Wednesday.

Members of the troop, of which Lee Whiting is scoutmaster, were guests of the club and occupied a special table, while members of the committee and the scoutmaster were seated at the speakers table.

Dr. A. G. Reynolds, chairman of the scout committee, had charge of the program and introduced the members of the committee, which includes Harold Philpott, Dr. S. P. Zaremba, John R. Hodge and Sheriff Frank L. Coen.

Dr. Reynolds spoke of the fact that Kiwanis Troop 37 has been recently reorganized, but under the leadership of Scoutmaster Whiting is making splendid progress and hopes to distinguish itself at the coming first aid meet and camporee.

The assistant scoutmasters are Joe Locke and Paul Hawkins.

Members of the troop were introduced by Scoutmaster Whiting, who spoke briefly of the troop's accomplishments.

In closing Scout Executive Thomas G. Allen, also a Kiwanian, spoke of the national aims of scouting, one of its principle aims being to strengthen the arm of liberty. It has a three-fold program, namely development of leadership, presenting a well-rounded program, and making the organization attractive so that it will attract boys.

More than money, he stated, it needs men who are trained leaders who will give of their time to become scout leaders. If they are not available the youth of the county will follow leaders who may be undesirable.

SHOT IN BACK CAUSES MYSTERY

HARRISBURG, Feb. 10.—(INS) —John W. Preston, 63, a veteran Pennsylvania railroad employee, was shot in the back Wednesday under mysterious circumstances while loading a truck on company property in Harrisburg.

He was struck near the right shoulder blade, according to police. Preston was taken to the Harrisburg hospital for removal of what was believed to be a .22 calibre slug.

Hold Ambridge Man In Fatal Stabbing

State Tax Bills Ready For Debate

AMBRIDGE, Pa., Feb. 10.—(INS) —Ambridge police Wednesday held Tony Panzarella, 53, of Ambridge for questioning about the fatal stabbing of another Ambridge man, John Trombetta, 30.

Trombetta's body was found between two parked cars Tuesday night in downtown Ambridge. Officers said the man was stabbed to death during an argument over payment for a load of coal. According to police, Trombetta owed Panzarella for a load of coal that was delivered two years before.

The Senate adjourned until next Monday at 4 p.m. The House will return thirty minutes later.

Men Over Forty Are In Demand

So Declares President Of "Men Over 40 Club" At Chicago Headquarters

CHICAGO, Feb. 10.—(INS)—The "Men Over Forty Club" reported today in its tenth anniversary year that there is a booming market in industry and business for men of "mature judgement and time-tried experience."

Club President C. A. Swanson said that more than ever the tycoons of business and captains of industry are attempting to tap the supply of experienced help "men over forty" has to offer.

So pleased is management with the men's wartime and postwar record that they have a bit of heartening news for the distaff side—that is, "women over forty."

Said Swanson:

"Not only are we getting increasing demands for jobs for men over forty, but of late we've been receiving requests for female secretaries and other jobs."

"Our club lists as a service to industry—and we'll try to place any woman with the adequate experience whenever needed."

One might add—if there are any of the fairer sex who will admit to such a notion—"over forty."

"Life Begins at 40"

The "Men Over Forty Club," with national offices in Chicago, (at 8 South Dearborn street) is dedicated to the belief that "life begins at 40" and is based strictly on business principles. The members are determined to demonstrate to employers and the public in general that the man over 40 years of age, with a creditable record of business achievement, is an exceptionally valuable asset in any organization.

Swanson looked on the increased demand for his men as a trend of the times.

With the war years a matter of history, Swanson believes the "yen for youth" is not so pronounced as before and that now the pitch is for "men with mileage."

Swanson said, in appealing to men who believe they still have some good years left to join his club:

Calls Increasing

"Our calls are increasing daily as heads of industry are faced with disappointing backlog of orders, costs which do not jell in increasingly competitive markets and credit and production controls which invite recessions.

There is a growing demand on the club for salesmen who can sell, production managers and foremen who produce and control costs, dependable accountants and comptrollers who can act as staffmen accurately project the financial picture."

The club can point out a score of outstanding successes among its members in every field. They include those who have come the long road back and today are heading important, aggressive, developing firms.

They say that the blending of silver threads in business will definitely enhance its gold color scheme.

Sweden Determined To Remain Aloof From 'Cold War'

STOCKHOLM, Feb. 10.—(INS)—Sweden's foreign minister reaffirmed Wednesday that Sweden is determined to remain aloof from both East and West because she "does not wish to partake of the cold war."

Foreign Minister Oesten Uden declared that this was the reason Sweden was unable to conclude a defense pact with Norway and Denmark.

(Norway's Foreign Minister Halvard Lange is now in Washington conferring with U. S. officials on the projected North Atlantic military alliance. In Copenhagen, Danish Foreign Minister Gustav Rasmussen said today that Denmark, like Norway, is seeking information on the alliance linking the U. S. with western Europe.)

Sweden Refuses

Foreign Minister Oesten Uden told Parliament that the recent three-power Scandinavian defense talks failed because of Sweden's refusal to place her territory at the disposal of any power "for military purposes."

Uden said that Norway felt an urgent need for a Scandinavian alliance, and that Sweden agreed to accept a defense pact implying automatic military aid if any of the three powers were attacked.

However, Sweden was unable, Uden reported, to agree on the strategic role of Scandinavia as a whole, as well as on joint planning and standardization of war materials, including measures to forestall the cutting off of aid from abroad.

U.S. Renews Call For Discussion Of Atomic Energy Control By U.N.

By PIERRE J. HUSS
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Feb. 10.—The United States called today for renewed United Nations discussion of atomic energy control.

The American move was in anticipation of charges by Russia that the western powers are not inclined to seek agreement on atom control.

A resolution passed by the General Assembly in Paris last year proposed that the big five consult on ending the deadlock which blocked progress of the atomic energy control blueprint of the Atomic Energy commission.

In the past two years, Russia has firmly opposed the commission's plan as embodied in the Baruch control and inspection scheme. The Soviet Union has demanded that outlawing of atom weapons and the destruction of existing atom bombs come first.

U. S. Representative Frederic A. Osborn handed the demand for a resumption of A. E. C. meetings to February chairman, Soviet Delegate Yakov A. Malik. The Russian read the letter carefully and said he would decide on the request within the next few days.

Counteracts Red Maneuver

The American call, in effect, counteracted the Soviet maneuver in the Security Council reviving the previously-rejected proposal for one-third global disarmament, outlawing of the atom bomb, and destruction of stockpiles. U. S. delegates agreed with U. S. Representative Warren R. Austin that Russia tossed the new arms curtailment demand into the Security Council as a propaganda move against the North Atlantic pact.

Malik said after the Security Council meeting, which adjourned until tomorrow afternoon to study the Russian resolution, that he would insist on full debate of his

Eleanor Patterson Will Case Is Ended

WASHINGTON, Feb. 10.—(INS)—A directed verdict Wednesday ended the Eleanor Patterson will contest, giving Mrs. Patterson's daughter, Mrs. Felicia Giziaka \$400,000 tax free and some of her mother's personal belongings.

Terms of the out-of-court settlement were revealed in the verdict, which declared the contested will of the late publicist of the Washington Times-Herald to be valid.

An order for probate was issued by Federal Judge Alexander Holtzoff.

The verdict specified that the \$400,000 awarded to Mrs. Giziaka is to be paid by the executors from the 16 and one-half million dollar estate.

new proposals. This foreshadows another outburst of severe verbal clashes between the Soviet camp and the western factions in the U. N.

Russia is prefacing its demand for an arms reduction plan by March 1, 1950 and for a draft convention on atom control by next June, made a series of charges against the west.

In formal, legal language, the Soviet resolution blames the West for:

"The increasing activity of aggressive circles of certain powers which pursue a policy of launching a new war; this being followed by unjustified increase of all forms of armaments, an extreme inflation of military budgets, and constantly increasing burden of taxes and material burdens for the broad masses of the population of these states."

Also the ceaseless and constantly increasing propaganda of a new war promoted by the ruling circles of certain countries in spite of the fact that such propaganda has been rightly condemned by a resolution of the General Assembly as early as 1947 and is direct tool of all kinds of warmongers who are pursuing the policy of creating fear, insecurity and war hysteria among the population and in international public circles."

WOMAN BECOMES DEAN AT STATE

STATE COLLEGE, Pa., Feb. 10.—(INS)—Dr. Grace M. Henderson Wednesday began her now job as dean of Penn State's School of Home Economics.

Dr. Henderson, first woman ever to hold an academic dean's post at state, was appointed officially at ceremonies Tuesday when the college inaugurated its School of Home Economics.

Sees Republicans Winning In 1950

HARRISBURG, Feb. 10.—(INS)—Mrs. Helen M. Schluraff, of Erie, president of the Pennsylvania Council of Republican women Wednesday made a long-range forecast of GOP victories in the 1950 gubernatorial elections.

Reporting on her recent tour of local councils in Many Pennsylvania counties Mrs. Schluraff predicted that the commonwealth "will continue to turn in Republican majorities for the governorship as well as township and borough offices" in 1950.

She said the public has "wide appreciation of Gov. James H. Duff's forward-looking program and whole-hearted support of measures designed to benefit all groups of citizens."

IN THE OPEN

One recent morning I came awake just after daybreak, aroused by a subconscious clatter which resembled the intermittent firing of a legion of tiny cannon up and down the valley. The spun-gold February sunlight was streaming into the bedroom. I suddenly realized that it was Groundhog Day again and the signs were not good, especially if the grizzled weather seen had not overslept.

The curious fusillade outside continued and I poked an inquisitive head out the window to find out what was going on. There were several sharp reports almost under my nose before I tumbled to the fact that the whistle-pigs were checking up on schedule. They would amble cautiously across the threshold, stretch blissfully in the warm sunlight, then suddenly note their shadow.

With the den, pulling shut the door behind them

with a resounding slam. It was the slamming of these den doors up and down the valley which had wakened me on that sun-washed morning.

A woodpecker had found a resonant instrument to his liking somewhere on the timbered ridge. Every so often he would roll that lofty drum with a flourish that echoed across the hills. I clapped my hands loudly to arouse his curiosity and bring him in sight, but he would have none of this foolishness and stayed put by that wooden tom-tom. I could still hear him practicing his scales when I was far down the lane on the return journey.

There are several outerlop boulders and one or two slab piles which should make good den sites for some of the fox clan which will soon be house hunting. I plan to keep an eye on these spots for possible interesting future developments.

A few juncos flew ahead as I reached the timber farther up the lane. Soon I was walking through an open grove of tall oaks and trim gray beech. Then was just enough wind stirring to rustle the blue sky on his back and the ruddy brown leaves of the smaller oaks. Now and then a

gray squirrel would scold and I would stop and keep close watch, but I caught nary a glimpse of any of the feathered fraternity to come up from his Winter quarters across the hills in Virginia and the Carolinas. Sometimes he even stays with us during the cold months, frequenting protected valleys where the food supply will see him through.

Look Up for Bluebird
If you want to see the first bluebird, look up. He'll be perched on the topmost branch of the chosen tree, flirting his wings and scolding happily between warbles, as though "ruffled with the whirlwind of his ecstasies." At first all I heard was the unmistakable soft warble, a sort of wandering voice in the air with no definite whereabouts. Finally I spotted him, in the top of a bare locust by the roadside.

Soon he flew towards the woods I had just left, alighting in the top of a big cherry edging the timber. The air-borne warbling continued and in a moment a group of five more blue-coated males flew over and headed up the hill toward the woodland. I hope these new arrivals are not rushing the season. Usually when the first bluebird drops out of the sky the sap starts

up obediently in the sugar bush and the countryside knows that another Spring is here.

On the homeward journey I drove around a little used by-way through a wooded valley and was surprised to note three huge shell-bark hickories on the bank within easy striking distance from the road. The squirrels won't like it, but I have entered those trees on my permanent calling list and will send in my card next October if the season has been right.

Truckers Plan Ladies' Night

Lawrence County Chapter
To Have Dinner At
Cathedral February 19

Ladies' Night of the Pennsylvania Motor Truck Association promises to be a gala night this year.

The Lawrence County chapter will hold its annual Ladies' Night dinner in the Cathedral on Saturday night, February 19 and today James G. Wheeler, general chairman said the indications pointed to a huge crowd.

This year's program seems to be the most talented the chapter has had. The speaker will be Theodore R. McKeldin, former mayor of Baltimore, Md., said to be one of the best after dinner speakers on the east coast.

Elaborate Floor Show

The entertainment this year tops anything the chapter has had. During dinner there will be chamber music furnished by Joe F. Replogle, Ermel Branstetter and Anthony Caspero.

For the entertainment period, a number of Pittsburgh artists have been secured. Among them will be the Men About Town, Mildred Don, Aneurin Bodenbender and Gregory and Sehray, a comedy musical act just in this district from Chicago.

William A. Langan will be the toastmaster of the evening with President J. Fred Clarke welcoming the guest.

Guests from Allegheny County, Beaver County, Mercer, Butler and Clarion counties will be present in addition to representatives of the Interstate Commerce Commission and the Pennsylvania Public Utility Commission.

An accurate check of the crowd is not possible yet but it is thought there will be about 800 present.

Peeping Tom Sought In Chewton District

Constable Ralph Ferranti of Wampum has been called to the Chewton district to search for a peeping tom who has been plying that area looking in the windows of homes. The latest home to be visited was that of Mr. and Mrs. David Kelly in Chewton where Mrs. Kelly discovered a man looking in her window a few days ago.

The Wampum constable has been working in that area the past few evenings in an effort to apprehend the peeper. He warns that anyone if such in such activity, would be prosecuted to the full extent of the law.

Mrs. William Howley Speaks On Work Of Catholic Welfare Conference

Mrs. William J. Howley, director of Lawrence County Catholic Welfare Conference, was the speaker at the Altar-Rosary society meeting of St. Vitus church, held in the hall on Wednesday evening.

Mrs. Howley gave an enlightening talk on the work being done in Lawrence county. She was introduced by president, Mrs. Frances Colao and the meeting opened with the recitation of the rosary.

Plans were made for the pre-lenten dance for the St. Vitus school children to be held February 21 at the Cathedral. The society is sponsoring this dance. Mrs. Genevieve Sarbo received the rosy later.

Mrs. Nicholas Casalanda was in charge of presenting the Valentine program. A recitation was given by Mrs. Cecelia Litrenta, followed by vocal selections by Miss Peggy Ezzo.

A dainty lunch was later served on a table nicely arranged for the occasion. March 9 is the next meeting.

State Vice President To Speak At

Afternoon Session Of
Day's Program

Women's Christian Temperance Union of New Castle will have an institute Thursday, February 17, in the green room of the YWCA. Others interested in temperance will be welcome at the meeting.

"Home Protection" will be the theme of the assembly which will open at 10 o'clock in the morning, when devotions will be led by Mrs. Scott Munneil, spiritual life director of Lawrence County WCTU.

Mr. E. O. Leonard, Pittsburgh, state WCTU vice-president, who will speak in the afternoon, will also conduct a panel discussion.

Coffee will be served by a committee for the box luncheon at noon with the afternoon session beginning at 1:15 o'clock.

RAILROADER HURT

William D. Logan, aged 41, of 206 Richelieu avenue, a brakeman for the B. and O. Railroad, suffered injuries this morning about

12:30 o'clock, which resulted in his being taken to the Jameson Memorial hospital where he is undergoing treatment.

A piece of coal fell from a moving train, striking him on the right shoulder, and knocking him over an embankment. He has contusions of the right shoulder, left hip, and left knee.

A & P COFFEE

SELECTED IN SOUTH AMERICA

A&P's own on-the-spot buyers visit the leading coffee plantations of South America to get the tops in crops for A&P Coffee.

"FLAVOR-SAVER" ROASTED

To insure uniformly delicious flavor, every one of these carefully selected coffee beans is roasted to precise flavor peak.

SOLD IN THE WHOLE BEAN

A&P Coffee is sold only in the whole bean with all its naturally fine, roaster-fresh flavor sealed inside.

CUSTOM GROUND WHEN YOU BUY

Unlike factory-ground coffees, which are often ground days—or even weeks—before they're sold, A&P Coffee is never ground till the very moment you buy it. Then it's Custom Ground to your order, to one of seven different grinds—whichever produces best results in the type coffeemaker you use.

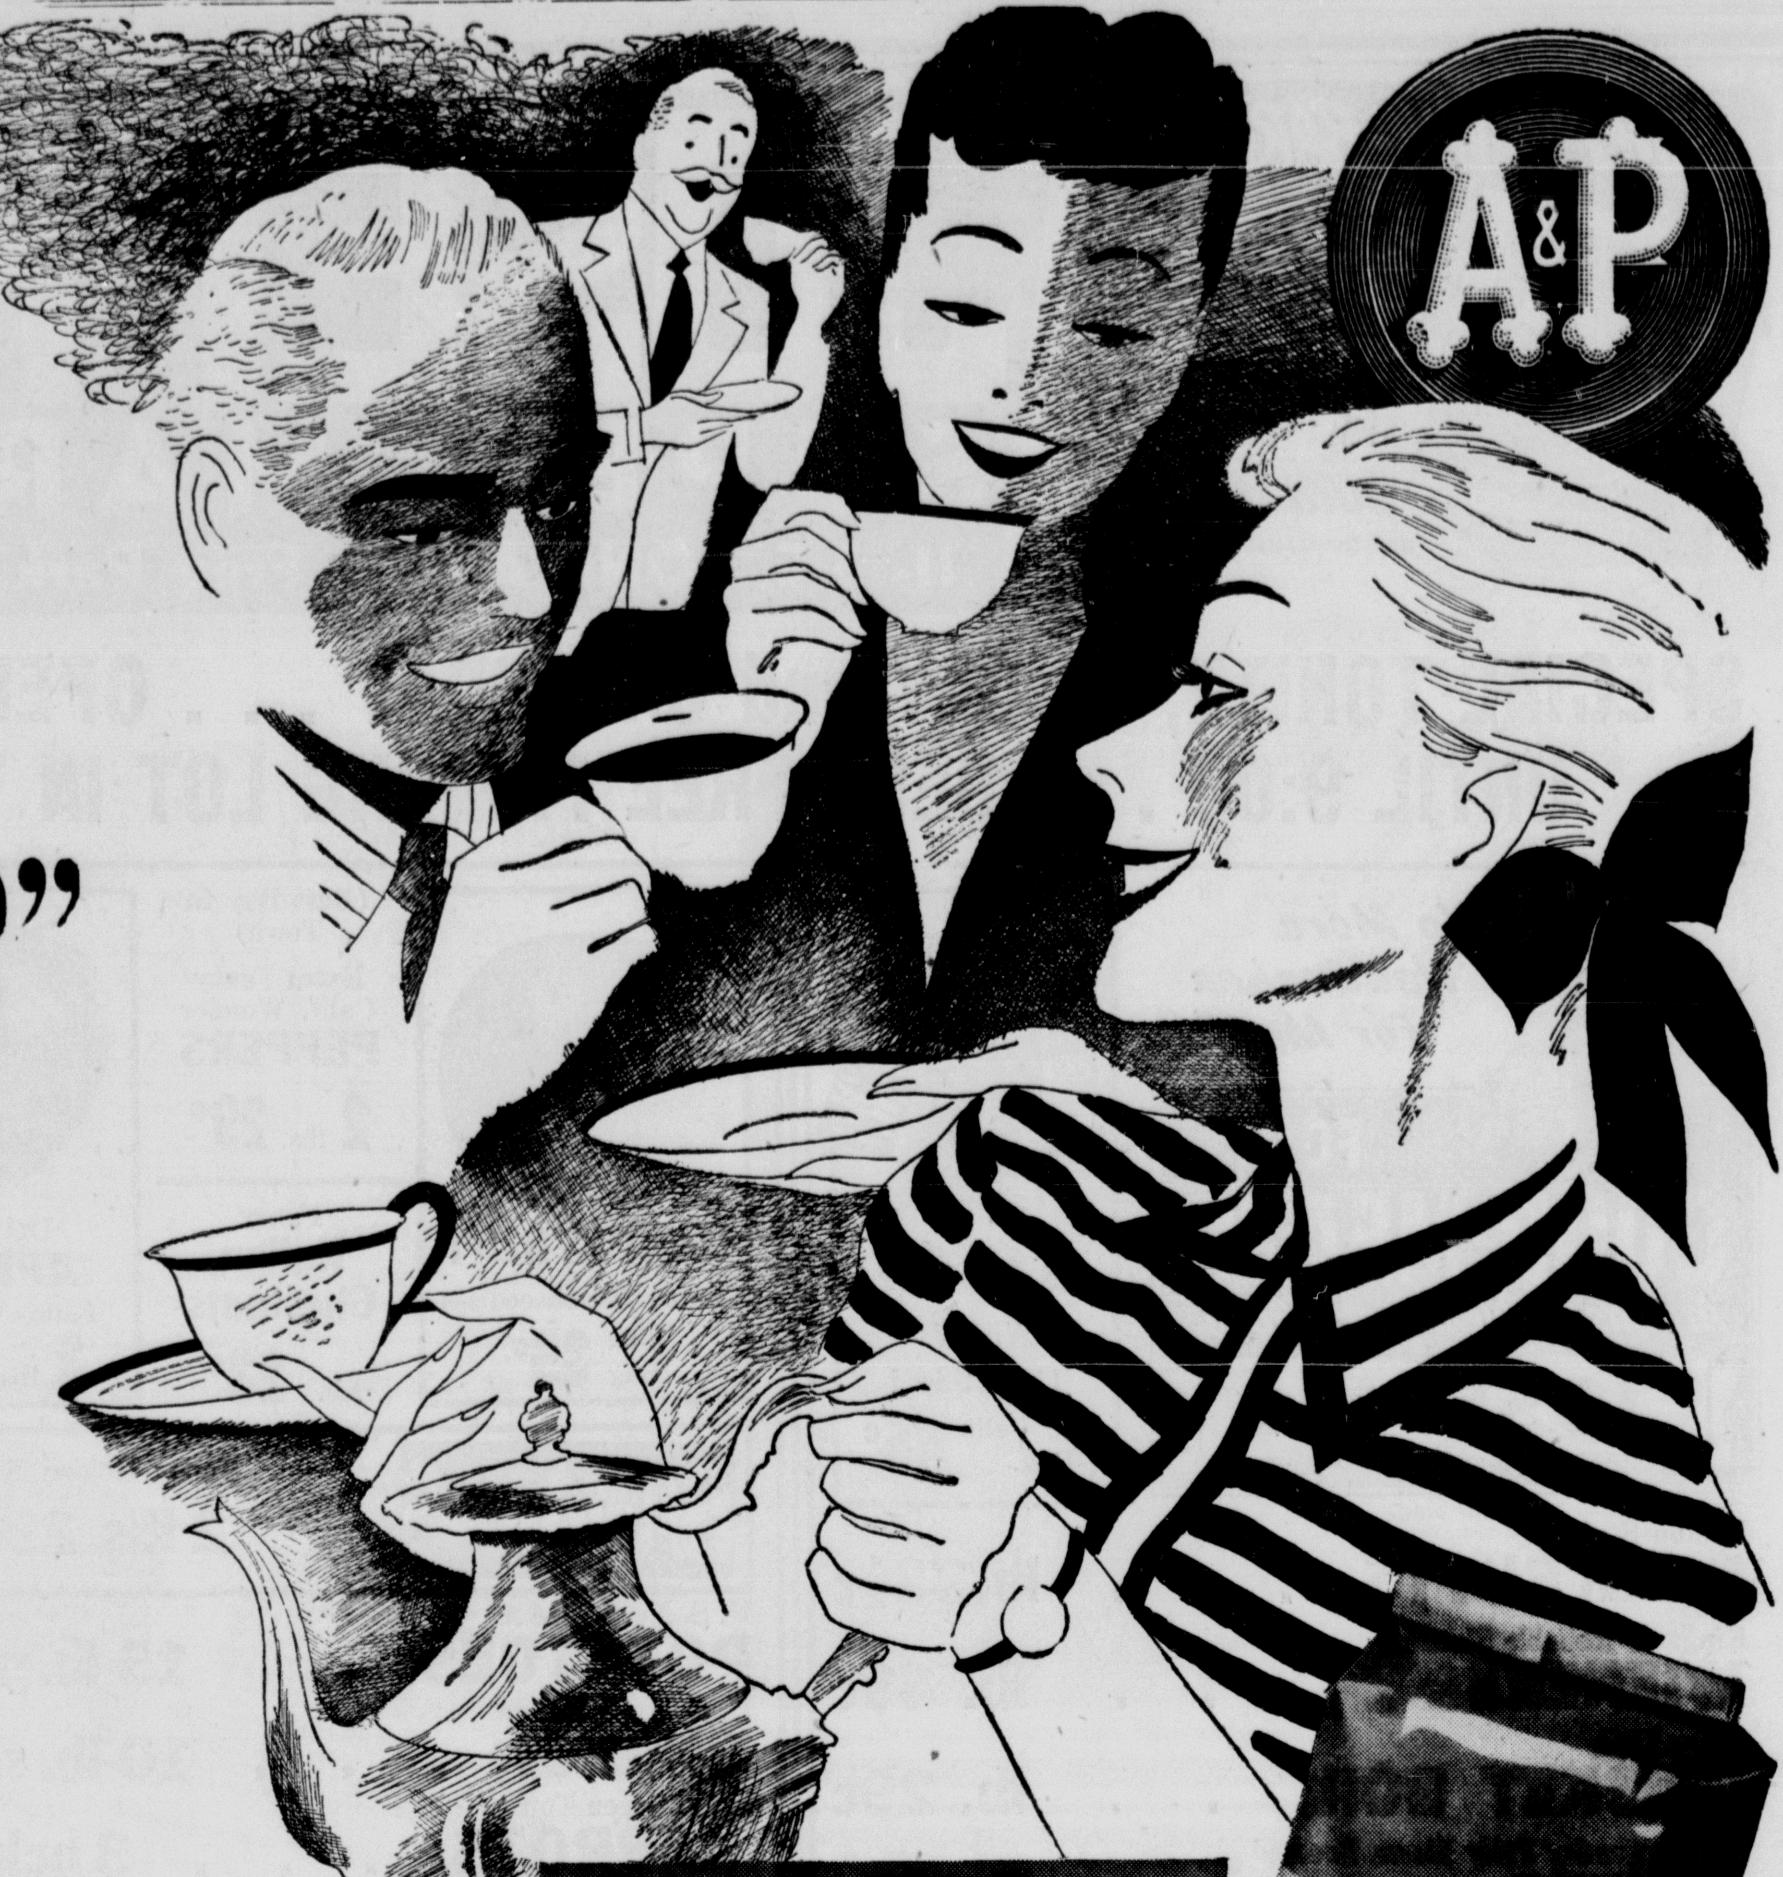

SOLD IN THRIFTY PAPER BAG

Because A&P Coffee is sold in Nature's own container—the whole bean—it needs no expensive container to preserve its fresh flavor and you share in the savings.

*Jesus heals the man with the palsy.
Be strong in the Lord and in the strength of His might!—Ephesians 6:10.*

Scripture—Mark 2:1-3-6

By NEWMAN CAMPBELL

Every leader of men in every century has been criticised and accused of unrighteousness. General George Washington, although he was praised as "first in war, first in peace, and first in the hearts of his countrymen," had critics who accused him of unworthy motives and acts.

Abraham Lincoln was hated by many, and was assassinated by a man who thought the country would be better off without him. We cannot recall a prominent man in any century who was without detractors.

Jesus of Nazareth was teaching a revolutionary doctrine, and it was inevitable that He would arouse enmity among those of the Jewish faith who believed in the letter and ceremonial of the law, but not in the moral precepts thereof.

Jesus entered again into Capernaum, that Galilean city where He performed many miracles. The house which He made His headquarters was soon crowded with people who wanted to hear Him and also those who brought their sick friends and relatives to be cured.

So great was the crowd that when four men appeared carrying on a bed a man sick with palsy they could not enter the house to see the Lord. They went onto the roof, which was flat, and, scraping away the earth or gravel that covered it, pulling up the tile slabs underneath, they were able to let down the bed—which would be a thickly padded quilt—into the room. Jesus' first words to the man were, "Son, thy sins be forgiven thee."

Some scribes, those learned men of the Hebrew law, were present and they immediately accused the Master of blasphemy, for who but God, reasoned they, could forgive sins?

Jesus divined what they were thinking and asked them why they reasoned thus. "Is it easier to say to the sick of the palsy, Thy sins be forgiven thee; or to say, Arise, and take up thy bed, and walk?"

Then He said those very same words to the sick man, and he immediately took up his bed and went forth, to the amazement of everyone. Those present glorified God and said, "We never saw it in this fashion."

As Jesus passed the Capernaum custom house He saw Levi (or Matthew) who was a publican or tax gatherer, and as such despised by his own people, and He said, "Follow Me," and Matthew followed him.

Matthew must have been very glad to follow the Lord. He probably was sick of the life he was leading, and, apparently, he gave a great feast to celebrate his release.

Jesus was present and many "publicans and sinners" sat at meat in Matthew's house. Those same scribes—present again—asked why Jesus would dine with such people, and Jesus' answer was that He came to earth not to call the righteous to repentance, but sinners, which answer doubtless angered the scribes even more against Him.

Jesus walked through the field of grain on the Sabbath, with His disciples. They picked the grains of wheat, rubbed them between their hands, and ate the latter.

This action was also considered against the law of the Sabbath in the Jewish scriptures, so the Pharisees accused Him of unlawful conduct.

Jesus reminded them how David, in his flight from Saul's court, was hungry, and the priest gave him some of the showbread which was only for the priests of the temple to eat, and David and his men partook of it.

Jesus said, "The Sabbath was made for man, and not man for the Sabbath," and also, "The Son of man is lord also of the Sabbath."

The final act which caused the scribes and Pharisees to seek His destruction was when, in the synagogue, on the Sabbath day, He healed a man who had a withered hand.

When those that were present saw the man, they watched Jesus to see if He would heal on the sacred day. Jesus said to the man with the withered hand, "Stand forth," and then He asked of the Pharisees, "Is it lawful to do good on the Sabbath day, or to do evil? to save life or to kill?" but they did not answer. Angered at the hardening of their hearts, Jesus told the man to stretch forth his withered hand, and when he did it was made whole.

Then the Pharisees hurried away to counsel with others how they might destroy the Lord.

How sad it is that even these acts of kindness and mercy should be so misinterpreted and made the basis for taking a man's life away by those who wilfully misunderstood and misconstrued every word He said and every deed He performed!

Corn Borer Damage
Set At \$2,000,000

HARRISBURG, Feb. 10.—(INS)—The state agriculture department today blamed the European corn borer with more than \$2,000,000 corn damage in Pennsylvania last year.

The double brood borer, ravishing the southeastern counties, since 1934, caused heaviest damage in that area. Chester county suffered the heaviest infestations with an average of 319 borers to each 100 plants. Only 109 per 100 were reported in Chester in 1947, Guyton reported.

The damage was slightly reduced from the severe 1947 losses estimated at \$2,550,000, according

Tifereth Israel Friday Services

Rev. Thomas J. Jones, Pastor Of First Congregational Church, To Be Speaker

Religious services this Friday evening at Tifereth Israel Synagogue will be dedicated to the B'nai B'rith. New Castle Lodge, No. 609, in commemoration of annual brotherhood observance in America.

American Brotherhood Week is nationally observed in the month of February, and is sponsored democratically in America by the National Conference of Christians and Jews. It is designed for observance by all organizations in every community, to be incorporated into their own programs according to their own customs. Rabbi Jules Lipschutz will officiate and preach a special sermon upon the subject, "An Appraisal of Brotherhood."

Greetings will be extended by Gilbert D. Levine, president of B'nai B'rith, New Castle Lodge, Samuel Schwartz, chairman of Adult Education Committee and Dr. Nathan N. Ginsburg, president of Tifereth Israel Synagogue.

The guest speaker at the Oneg Shabbat reception, will be Rev. Thomas J. Jones who will address the assembly in the vestry of the synagogue. A reception will be tendered by Mrs. Gilbert Levine and committee of B'nai B'rith ladies immediately after the service.

Chamishoh Oshor B'Shevat, is the 15th day of the Hebrew month of Shevat, known as "The New Year for Trees," and is commemorated in the annual observance of the Jewish Arbor Day. It will commence this Sunday evening and continue all day Monday, February 14.

The main feature of the day is observed in Palestine, with the planting of trees and the recitations of various benedictions for all kinds of fruits grown in Palestine.

Deep esteem for fruit trees is indicated in the biblical prohibition against cutting down a fruit tree even in a state of war . . . as is mentioned in the Book of Deuteronomy 20:19.

A special assembly at Tifereth Israel Religious School will be devoted this Sunday morning by Rabbi Jules Lipschutz in honor of Palestine Arbor Day. Special fruits will be served the student-body by the Tifereth Israel Sisterhood.

BACKING INTO TROUBLE

CHICAGO—(INS)—Most drivers either consciously or sub-consciously resent taking the time and effort to back up. This was the conclusion of Dr. W. A. Egert, chief physiologist for the Lumbermen's Casualty Company, after a study of thousands of insurance claims.

POLICE DOGS GOOD COPS

PARIS—(INS)—Ninety-six police dogs attached to the French Gendarmerie Nationale were credited with the apprehension of more than 250 criminals in 1948. Within three years the French police expect to have 400 dogs in service.

MOTORIST ARRESTED

**Court Room One
Getting New Look**

Paper Hangers Making Progress In Papering Court Room—Room Will Look Larger

OTHER EVENTS IN COURT HOUSE

Court room No. 1 is getting a new look.

Paper hangers of the Moser Wall Paper company are wading through the job of draping the walls with new paper, a light design that will give the room a larger appearance.

The job was started not before it was needed. Paper was hanging in festoons, plaster had broken away from its moorings and the room had the sad appearance of a second rate hotel room the morning after a convention.

The county commissioners contracted with the Moser Wall Paper company to do the job at an agreed price of \$325.

DIVORCE DECREE

Judge W. Walter Braham has handed down the divorce decree of Benjamin F. Harry from Grace N. Harry. The case was contested and heard by a jury. The jury found for the plaintiff.

TWO SENTENCES

Two sentences were handed down by Judge W. Walter Braham but they were of nature that meant little to the men before him. George Magliocco and Daniel Gisondi were both brought back from the western penitentiary to be sentenced upon six counts each of burglary, larceny and receiving stolen goods.

They were charged with and pleaded to robbing cars at bathing beaches on Slippery Rock creek. They were sentenced from Butler county on September 3, 1948, to one to two years each in the western penitentiary. The sentences Wednesday run concurrently with the Butler sentences.

FIREMEN GET CHARTER

A charter has been granted to the Union Township Volunteer Firemen & Relief Association. Incorporators of the new fire company are F. D. McPhee, Joseph Ellsworth, Louis Krueger, James Elmore and Samuel A. White.

**Pennsylvania
And Delaware
In Cigaret War**

PHILADELPHIA, Feb. 10.—(INS) — A cigarette war is raging between Pennsylvania and Delaware.

Pennsylvania is up in arms because some of its motorists are buying smokes at considerable savings in Delaware and smuggling them back home.

Delaware is sore because Pennsylvania wants to put a stop to it.

The unofficial feud started yesterday when Pennsylvania police stopped homeward bound drivers lugging tax-free smokes and had them fined about five dollars a carton.

Up in arms came the merchants in Wilmington and Claymont, Del., to appeal to their state attorney to do something about it.

The Pennsylvania attack against the smugglers appeared to be modernly-mounted. Tippers were said to spot the customers in Wilmington and Claymont and flash a report by radio to state police

stationed just over the border in Marcus Hook, Pa.

A bunch of Pennsylvania men almost fell into the "enemy's" camp last night. A suspicious Claymont merchant summoned police to investigate a group of men outside his store.

They turned out to be Wilbert H. Beach; two special state revenue investigators, F. J. Parker and William Boomen; a special investigator from Gov. James H. Duff's office, Daniel S. Adams, and a state police plainclothesman.

The Delaware police tactfully withdrew.

Propose Building Of State Medical School

HARRISBURG, Feb. 10.—(INS) — The senate education committee Wednesday studied a proposed \$25,000,000 appropriation to build a Pennsylvania state medical school at Philadelphia.

The measure was sponsored by Sen. A. Evans Kephart, (R) Philadelphia.

The school would be restricted to Pennsylvanians studying medicine and surgery without bias toward race, creed or color, Kephart said.

Morganza Effects Broader Program

HARRISBURG, Feb. 10.—(INS) — A "board correctional program" Wednesday was in effect at the state training school at Morganza. The Department of Welfare said the school's board of trustees and state welfare officials discussed management and administration of the institution and adopted a plan aimed at "educational, disciplinary, moral training and health objectives."

The plan gives the superintendent exclusive authority and responsibility to impose penalties and disciplinary measures. There are to be no punishments on any student until charges have been passed on by the superintendent.

"The policy of the institution shall be to control without repression and without sentimentalism," the department said.

First aeronautical engine was a steam engine with a boiler weighing 351 pounds.

Senate Committee Extends Time For Labor Bill Hearing

WASHINGTON, Feb. 10.—(INS) — The Senate Labor committee on Wednesday voted a nine-day extension of hearings on the administration's proposed substitute for the Taft-Hartley act.

The extension was agreed upon in a two and one half hour executive session of the committee, which found itself unable to conclude hearings tomorrow night as originally scheduled.

The committee assembled today with a logjam of 30 witnesses confronting it and only two days remaining in which to receive testimony.

Sen. Pepper (D) Fla., said the extension was arrived at on condition that the extra time be divided equally between the Democrats and Republicans for cross examination of witnesses.

19 NEW POLICEMEN

HARRISBURG — Nineteen student recruits have successfully completed the required course of training at the State Police Training School, Hershey, and reported to squadrons throughout the state for duty on February 1. State Police headquarters announced today.

Motor vehicles account for 85 per cent of all passenger travel mileage in the United States.

EATING TOBACCO UP

LOUISVILLE, Ky. — Inflation has struck a blow at the producers of "brown amber." The price of chewing twist has gone up from 12 to 15 cents, and the plug type prices advanced accordingly.

DOG TAX GRADUATED

WARSAW.—A "progressive tax" has been levied on dog owners by the city council. Owners will pay \$5 for the first dog, \$7.90 for the second and \$10 for the third dog.

Zavada Youngster Gets Measles, So Party Plans Off

Only Boy In Latrobe Quadruplets Spoils Party Plans For Three Sisters

LATROBE, Pa., Feb. 10.—(INS)—John Michael Zavada, the only boy in the set of Latrobe quadruplets, has the measles and the lavish party planned for him and his three sisters on their first birthday next Tuesday has been postponed.

John Michael contracted the disease from his older brother Larry, 5, who was just recovering from the malady.

And Dr. J. Wiley Hartman, the family physician, believes all four of the babies will have them before the siege ends.

All of the quads have been moved into a dark room pending the appearance of the contagious disease. They had been given immunization shots anyway.

Had Feared Worst

Mr. and Mrs. Andrew Zavada, the parents, had been afraid the measles would spread to the quadruplets. But they went ahead with birthday plans anyway.

A large cake had been arranged for, and plans were made to buy a motion picture camera to record events in the lives of the quads.

John Michael, a husky 17-pounder, leads his sisters in the weight parade, but not very much. Barbara, Bernadette and Anna Mary are close behind. All of them have developed well from the two pounds each weighed at their premature birth last year.

John Michael also leads in the tooth-cutting race. He has two uppers and two lowers. His sisters have many a molar.

The Zavadas said among John Michael's gifts—when the party is held—will be some boy's clothing to make him a real man of distinction.

Abraham Lincoln

By J. WILLIAM NEYMAN

At every recurrence of the birthday anniversary of Abraham Lincoln our thoughts go back to him who rose from the poorest circumstances to the position of highest honor in our nation. His life will always be an inspiration to do our best.

Abraham Lincoln was born February 12, 1809 in a one-room log cabin in Hardin county, Kentucky which is now known as Larie county. Here he lived with his family until they moved to Southern Indiana. In Indiana he lived until he was 21 years of age. His education consisted of less than a year in a private school of the poorest type. But it gave him a start and with his own untiring effort he obtained a good education.

Once while returning from work a neighbor passed by and said, "Abe, do you expect to be president

someday?" He replied, "I don't know but I am going to fit myself for any place the Lord wants me." His political speeches and state papers while he was president of the United States show marked ability. His Gettysburg speech has been pronounced by scholars of England and America as one of the finest pieces of composition in the English language. His second inaugural address is a classic.

Washington was the father of his country, but Lincoln the saviour of his country.

When Lincoln was elected president of the United States and the Southern States seceded, it was Lincoln's first aim to save the Union. He hated slavery but this great question must wait its time. When as a young man he visited New Orleans and saw slaves sold at auction as cattle in the market, his heart was touched and he resolved that if he ever got the chance to hit that thing he would hit it hard. He waited and watched for the time. The time came when he was president. In his Emancipation Proclamation 4,000,000 slaves were set free.

The Civil War was won by the determination and persistence of Abraham Lincoln. Without him, failure would have been the inevitable result. The tender heart of Lincoln was made to bleed by the terrible war but he was sustained by the consciousness that he was right.

The most decisive battle was that of Gettysburg. He made the battle a matter of earnest prayer and God gave him the assurance that his request would be granted. After the war one of the generals asked Lincoln if he was not afraid of the result of the great battle? He replied, "No, God gave me the assurance we would win."

If ever there was a man raised up by God to meet an emergency of the time it was Abraham Lincoln. No one ever had to meet greater opposition and criticism than Lincoln, but in spite of it all, he persisted and succeeded in saving the union. Everyone can now see the wisdom of Lincoln's course. We are now a great united and prosperous nation. It is not strange that Abraham Lincoln should grow year after year in the esteem of the people.

One of the most cruel deeds and one of the greatest blunders was that of the assassination of President Lincoln. Had Lincoln been spared, he would have been the greatest help in the period of reconstruction of the south. Abraham Lincoln is worthy of all the honor that a grateful people can give him for saving our nation and for freeing 4,000,000 people from slavery.

BANKING DEPOSITS

\$4,483,241,194

HARRISBURG, Feb. 10.—(INS)—The state banking department on Wednesday reported 4,030,603 depositors had total deposits of \$4,483,241,194 in state's 356 banking institutions at the close of 1948.

At the end of the previous year, 3,984,565 depositors had \$4,441,118,038 on deposit in the same number of banking houses, the department added.

Last year's total of banking resources was \$4,969,229,583, a \$55,572,381 increase over 1947.

"You should taste the wonderful bread I bake since I switched to PILLSBURY'S BEST"

Says MRS. CHARLES ALBERT

325½ E. LONG AVE., NEW CASTLE, PA.

"Not long ago I tried Pillsbury's Best Flour for bread instead of the brand I'd been buying. And lucky I did! I tell you, that dough was wonderful. Easy to handle on the bread board—firm and silky-feeling. And the bread was as good as any I've ever baked. It tasted like the bread my mother used to bake . . . and it looked just like one of your advertisements. I've ordered more Pillsbury's Best since then and I guess I'll keep right on."

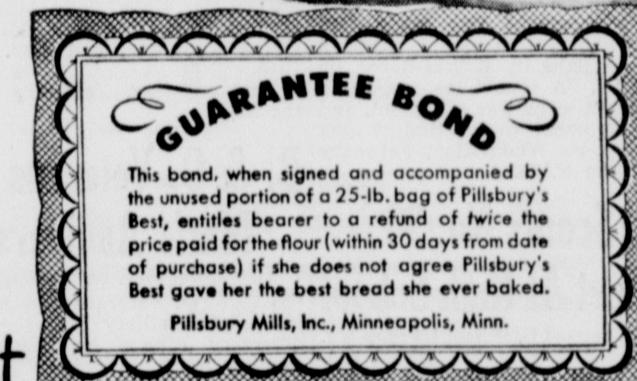

"We agree!" say these neighbors: Mrs. Margaret Abraham, 1406 Wilson Ave.; Mrs. Josephine Zinger, 309 Phillips St.; Mrs. Anna Joseph, 712 Arlington Ave.; Mrs. Dya Russo, 621 Reynolds St.; Mrs. Bella Vassillo, 414 Bleakley Ave.; Mrs. Martha Jarobs, 523 E. Long Ave. and Mrs. Catherine Tommelleo, 307 Wabash Ave. from New Castle, Pa.

If you don't bake a better loaf
...we offer -
DOUBLE YOUR MONEY BACK

How can you lose? Buy a 25-pound bag of Pillsbury's Best today. Try it in your bread. If you don't agree it gives you bread that's better-tasting—better-textured, return the unused portion to your grocer with the Guarantee Bond in this ad. He'll refund you twice the price you paid for the flour. Take advantage of this guarantee now—and remember, that great as it is for bread, Pillsbury's Best is a grand all-purpose flour, too! Whatever you bake . . .

You bake your best with Pillsbury's Best

GUARANTEE BOND
This bond, when signed and accompanied by the unused portion of a 25-lb. bag of Pillsbury's Best, entitles bearer to a refund of twice the price paid for the flour (within 30 days from date of purchase) if she does not agree Pillsbury's Best gave her the best bread she ever baked.

Wampum Woman Has Sewing Machine That's Real Veteran

Editor News,
New Castle, Pa.

I often read in your paper interesting articles about people having in their possessions old time pieces of furniture and relics, and I got to wondering just how many old sewing machines there are in the country that are in good sewing condition.

I have in my possession a Standard sewing machine that is in perfect sewing condition that originally belonged to my grandmother, and I am now 52 years old.

In the fall of 1898, grandmother turned the machine in for a new machine and my father bought the Standard for mother to do her sewing on, and mother and father were married 51 years ago today, and I am now making my little granddaughter some dresses on the old machine, and the interesting thought about it is that I'm making their dresses on the same machine that was their great-great-grandmother's sewing machine.

Sincerely,

MRS. ELIZABETH HOUK,
Route 2, Wampum, Pa.

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to
Relieve Yourself of This
Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter taste? If so, here is how you may get real relief in getting your stomach back to the job it should be doing—in the digestion of its food?

Everything food enters the stomach a vital gastric juice must form to break-down the food particles, else the food may ferment. Your food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restlessness, etc.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities in independent laboratory tests on human subjects have positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is the SSS Tonic formula which contains special and potent activating ingredients.

Also SSS Tonic helps build-up non-organic weak, watered down stomach acids and with a good flow of this gastric digestive juice, plus richened blood you should eat better, sleep better, feel better, work better, play better.

Avoid plain white flour, over-processed foods, soda, and other alkalinizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and health. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Suggest Revision Of County Classes

HARRISBURG, Feb. 10.—(INS)—The Senate Local Government committee today studied a proposal to revise county classes.

The measure would set a floor of 1,800,000 for first class counties in place of the present 1,500,000.

Sen. Joseph M. Barr, (D) Allegheny co-sponsor, said the revision was called for because "unless the floor is upped Allegheny county would become a first class county after the 1950 census."

"That would necessitate a general revision of the county's government," he stated.

Philadelphia according to the last census is the only first class county. Philadelphia Sen. A. Evans Kephart (R) joined Barr in sponsoring the bill.

Governor Praises Stream Clearance

PHILADELPHIA, Feb. 10.—(INS)—Gov. James H. Duff yesterday praised the state stream clearance program and said it made its greatest progress last year.

The state chief executive pointed

out that at least 40 per cent of the culm "is recoverable coal and will help pay for the program."

Governor Duff addressed 900 members of the Pennsylvania State Fish and Game Protective association holding its 63rd annual dinner in Philadelphia.

The state leader and Judge Grover C. Ladner were presented with the association's gold medal for their work toward stream purification.

SALT WATER FREEZES
POULSBURG, Wash.—Liberty Bay, Poulsbo's salt water harbor on Puget Sound, was frozen during the recent Pacific Northwest cold spell. For the first time in the memory of old-timers, ice-breaking operations were necessary.

"That would necessitate a general revision of the county's government," he stated.

Philadelphia according to the last census is the only first class county. Philadelphia Sen. A. Evans Kephart (R) joined Barr in sponsoring the bill.

AIR COSTS HIGH

Plans Are Made For 500-Bed Clinic In Pittsburgh

PITTSBURGH, Feb. 10.—(INS)

—Plans for a 500-bed medical and surgical clinic for the tri-state area were advanced today with announcement that 15 acres of land in the Churchill borough district had been donated for the ten million dollar project.

The property, valued at more than \$60,000, was given by Mrs.

Anna Martin, widow of William Martin of nearby Gibsonia, who was founder and operator of the Churchill Country Club.

The site is located at the junction of the William Penn Highway and the Penn-Lincoln Parkway.

Backers of the project, which includes district industrialists and bankers, said they hoped ground-breaking would get under way within a year. The group hopes to establish an institution similar to the Mayo clinic at Rochester, Minn., to serve the tri-state area.

ALIQUIPPA, Pa., Feb. 10.—(INS)—Beaver Valley police today admitted they have turned up no clues yet in the brutal sex slaying of 15-year-old Margaret Bankowski.

Officers investigating the death of the Ambridge high school sophomore reported that in six days

they have interviewed more than

60 persons, including the girl's schoolmates, and thus far have accomplished little more than to eliminate from suspicion about 20 known Ambridge sex offenders.

Police said they have also questioned about a half dozen men whose cars reportedly were seen in the Aliquippa "lovers lane" where Margaret's ravished and frozen body was found on a slag dump.

Meanwhile, working in pairs, State police, Beaver county detectives and Ambridge officers continued to run down the countless tips pouring in.

SMALL FIRE WEDNESDAY

Firemen were called to the home of Mr. and Mrs. Robert H. McBurney, 208 Sumner avenue, at 3:30 o'clock Wednesday afternoon, where a small fire was found in an over-stuffed chair in an upstairs bedroom. The fire is believed to have started from a hot air duct. Damage of around \$50 was reported by Fire Chief H. F. Steinbrink.

No one with a cold should be out of bed while the fever is present, and not until at least 24 hours has elapsed after the temperature returns to normal.

PALM BEACH, Fla., Feb. 10.—
Wanna buy a palace?

Anyone with a yen for a palace can have his choice here of several styles, Pseudo-Spanish, Grand Central, Italian or Calvin Coolidge Mediterranean, for five to ten cents on the dollar.

Or make an offer.

The million dollar palazzos put up here in wholesale lots during the roaring twenties are now a drug on the market. Several of them, along North and South Ocean boulevard, are boarded up. And at least one of them, the old Edward T. Stotesbury mansion, is falling into decay. These sprawling stucco castles, with as many as 80 servants' rooms, are the victims of death, taxes and the servant problem, which we always have with us.

Built in Twenties

In the main, these enormous houses were built in the 'twenties when all God's chillum had fests full of money and when inheritance and income taxes were scarcely a gleam in the government's eye. They were built by a generation not only accustomed to live in the grand manner, but able to pay the freight.

Today, the children and grandchildren of that generation are not only wedded to the simple life on a mere handful of millions, but in the face of present taxation and servant troubles couldn't possibly maintain such costly white elephants if they wanted to.

Even this gold coast has almost forgotten the lush days when the late "Neddie" Stotesbury, senior partner of J. P. Morgan, and his late wife employed 125 servants, including gardeners, to maintain their winter home here.

Envied Scale

Mrs. Stotesbury, the social leader of Palm Beach until her death eight years ago, entertained on a scale rather envied by the inhabitants of Buckingham Palace. Liveried footmen lined each side of the long sweeping staircase that led to the main floor whenever she entered.

If there's a liveried footman left in Palm Beach today, he's under wraps. Anyone in residence now who can afford a butler who can

Mabel Wilson Lodge Plans Initiation

Letters Read From Members Visiting In San Francisco; Contribute To Infantile Paralysis Fund

For their regular meeting, members of Mabel Wilson Lodge No. 567 assembled on Tuesday evening, in their lodge room on North Liberty street, with President Mrs. T. J. LaRock in charge.

It was decided to have initiation of candidates on Tuesday, March 8, in the hall. A night letter with greetings was received from Mrs. Jessie Reed, a member, who is visiting with her son, Robert Reed, of San Francisco, who is employed there; also letter from Mrs. W. E. Elligass, enclosing Chinese menu card, from Chinatown, San Francisco. She is visiting her son at Richmond, Calif.

Plans were made to begin the blanket club at next meeting. It was voted to make a contribution to the infantile paralysis fund. Several members were reported quite ill.

The door prize was awarded to Mrs. George Tribby. Lunch committee for the next meeting on Tuesday, February 22, will be Mrs. Christopher Hutton and Mrs. Elizabeth Weisbaker.

Meeting adjourned, and the group enjoyed a lunch at a local tea room.

Shenango School Religious Classes

Will Be Resumed

At a meeting of the Shenango Township Religious Education Board, consisting of the pastor and two delegates from each church in the township, plans were laid for future work.

Until this year there were Bible classes taught in the school, but due to a state ruling they were discontinued. Although the state does permit the classes on "Released Time" basis if school property is not used. Classes have continued in Castlegrove being held in the adjoining church.

The religious board has secured a building which they plan on moving to a place adjoining the school property and equip it so classes can be held on "Released Time" basis.

Mrs. Glenn Hogue, president of the Board, expects cooperation of many interested persons.

More than 300 boys and girls were enrolled in the classes previously held. It will be entirely financed by the churches and interested people.

The president, Mrs. Iovanella was presented with a purse of twenty-five dollars.

A splendid lunch and refreshments were served by social committee, Mrs. Rose Leone, Mrs. Mary Munno, Mrs. Dina Colli, Mrs. Angelina Mingione, and Mrs. Mary Ezio.

Next meeting, February 16, in the hall.

GASOLINE AND STARCH

Nowadays many of our people travel by auto. The power for the motor is supplied by gas. The gas provides the energy to make the engine go.

The human body must have something to use for fuel too. There must be something to make the engine go.

Starch for our bodies is something like gas for our autos. It is burned to make energy.

We get our starch from vegetable food. Bread, potatoes, fruits,

nuts and vegetables are good sources of starch.

Fortunately these foods provide other things besides starch. They have good tastes and smells. Flavor and odor help to please the appetite.

Mom knows how to fix these things up so that Butch and Susie will like them.

Susie is a little particular but all Butch wants is enough.

CYCLOTRON GETS BATH

LOS ANGELES.—(INS)—The cyclotron at the University of California at Los Angeles was given a bath recently. No radioactive deposits were found "behind the ears" of the huge piece of machinery—just ordinary grease and grime.

Still Unable To Determine Donora Smog Death Cause

DONORA, Pa., Feb. 10.—(INS)—Donora residents jammed the Municipal building Wednesday to hear reports of the experts who are investigating the "death smog" which blanketed the industrial town late last October, but they still don't know what caused it.

City officials and Donora movers did deny, however, rumors that the borough had become a ghost town since the 21 deaths as a result of the smog.

Fifteen families have moved out and 15 have moved in since the tragedy, Burgess August Chammon, who is in the moving business said. He added that he considers that figure about normal for the period.

Fine Cooperation

The experts reported only on their methods of investigation.

Dr. H. H. Shrenk, of the U. S. Public Health service, said "there has been no instance of refusal to cooperate" by anyone in Donora.

Samples of raw materials used in the area's industries are being analyzed, Shrenk added.

Pressed by a resident for the time a report on the cause of the deaths will be available, Shrenk answered:

"Probably by July."

Dr. Harry Heiman of the Public Health service said 500 residents have been interviewed. Teeth and blood of the residents and the town's drinking water also are being checked.

Hundreds of residents were affected by the smog.

Two Burglars Get \$30,000 In Gems

PHILADELPHIA, Feb. 10.—(INS)—Police Wednesday sought two burglars who escaped with \$30,000 worth of jewelry after outdistancing a prominent Philadelphia architect in a pursuit.

The intruders ran through the back door of the fashionable Oak Lane home of Charles S. Thalheimer just as the architect and his wife returned home Tuesday night.

Thalheimer chased the men about half a block. The burglars scattered empty jewel boxes as they fled.

Police said the dressing table in an upstairs bedroom had been looted of items including an \$8,000 platinum watch; \$7,000 platinum diamond ring and a \$2,500 necklace and 83 oriental pearls.

Must Tell Reporters Nothing But Truth

HARRISBURG, Feb. 10.—(INS)—Persons furnishing false or libelous information to newsmen would be subject to penalties under a bill before the house Wednesday.

The measure, sponsored by Rep. E. W. Thompkins, (R.) Cameron, proposed a fine of \$1,000 or one year in jail for any person who maliciously offers for publication any false or libelous statement.

Another bill offered by Thompkins recommended similar penalties for malicious loitering and prowling at night near dwellings.

Mr. Kidder, of Kidder Peabody, was strolling through the cashier's cage when he spied an unfamiliar character counting thousand-dollar bills. "You look like a bright young fellow," commented Mr. Kidder. "Where did you receive your financial training?" "Yale," said the character. "Fine," boomed Mr. Kidder, "and what did you say was your name?" "Johnson," was the reply.

Ricochetting Bullet Wounds Four On Vessel

BOSTON, Feb. 10.—(INS)—Four U. S. Navy men were wounded Wednesday by one ricochetting bullet fired by a security patrol officer trying to break up a "disturbance" on the Destroyer Rich.

The quartet and the security patrol officer, MM 3/c Norman E. Tomkins of Herrin, Ill., were taken to Chelsea Naval Hospital where all were described as being in "good" condition.

The reason for Tomkins' hospitalization was not given.

A First Naval District spokesman said the bullet caromed off a wall in the crew's washroom and nicked three crewmen before lodging in the chest of John A. John-

son, 19, Niagara Falls, N. Y., an apprentice seaman.

Tomkin fired a shot into the steel overhead as an alarm helped when he was unable to clear the room, the First Naval District said.

The slug ricocheted through the scalp of MM 2/c Pledger H. Ingman, 22, of Birmingham, Ala. Then

it struck the left hand of Harold J. Smith, 21, an engineer, Third Class, of Bayonne, N. J., and went on to hit the right hand of MM 3/c Walter B. Butler, 23, of Wilmington, N. C., before striking Johnson in the chest.

Probe Of Prewar Spy Ring In Japan Is Now Expected

WASHINGTON, Feb. 10.—(INS)—The House Un-American Activities Committee prepared today to seek further details from Army and Navy intelligence chiefs of the pre-war Communist spy ring in Japan.

Real Admiral T. B. Ingles, chief of naval intelligence, and Maj. Gen. S. Leroy Irwin, director of military intelligence, are slated to meet with the committee tomorrow at a closed session.

Committee members are expected to question both extensively on the Army's report which accused two American writers—Agnes Smedley and Guenter Stein—of being linked with the International Soviet espionage apparatus.

The meeting with the two intelligence chiefs was scheduled before the report was made public. Justice department officials and J. Edgar Hoover, FBI director, also

were asked to brief new committee members on subversive activities before their agenda for the year is made.

The "Tokyo story" may be the springboard for the revamped committee's first investigation of the session.

JOB UPON A TIME

COMMANDER of the First Army during the European theater campaign in World War II, Gen. Courtney Hodges recently retired, having reached the age of 62. General Hodges enlisted as a private in 1906, and advanced through the grades to brigadier general in 1940. General Hodges was born in Perry, Ga., and was a student at the United States Military Academy during 1904 and '05, was a graduate of the Field Artillery school in 1920. He served with the late Gen. John J. Pershing's punitive expedition into Mexico in 1916-17. He served as a major of the 6th Infantry A. E. F. in World War I in the spring of 1918, participating in St. Mihiel and the Meuse-Argonne offensives. He also served at war's end with the Army of Occupation in Germany until 1919.

Z. SAKALL (Szidke Szaball), motion picture character comedian, was born in Budapest, Hungary, and began his career as a playwright, but had a burning urge to act. He appeared in many European pictures up to 1939, then came to the United States. S. Z. lives in Beverly Hills with his wife, Boesize, to whom he has been married 27 years.

Permit State Bid For Surplus Plant

HARRISBURG, Feb. 10.—(INS)—The property and supplies department today had the first bill signed by Gov. James H. Duff from the 1949 legislature—enabling the state to bid on the sale of a Harrisburg property.

The new Taylor act, signed late yesterday by the governor, permits the property and supplies department to bid Friday on a surplus plant put up for sale by the War Assets Administration.

The bill was carried through both houses at a fast clip on Republican strength, bringing forth

cries of "pushing" and "highly irregular" from Democratic ranks.

Democrats opposed the action on grounds it would take off the market a potential plant capable of providing jobs for about 2,800 workers.

The state planned to use the building for office and storage space.

Auto Kills Doe On New Route 422

Johnstown motor vehicle operator had his car damaged badly at midnight last night when a doe was hit and killed four miles west of New Castle, on new Route 422,

according to Game Protector Sam Shade.

The doe was caught between east and west traffic, and the motorist could not stop his auto. The name of the motorist was not obtained.

There is a bill now before the legislature to reimburse car owners for damage caused by colliding with deer.

Legislature Has Bills Affecting Teachers' Salaries

Three Measures Are Introduced As Drawn Up By State Education Association

HARRISBURG, Feb. 10.—(INS)—Legislation calling for higher wages and liberalized retirement benefits for 61,000 teachers, and increased state subsidies for education confronted the General Assembly today.

Bills introduced in the House recommended a minimum mandated salary of \$2,400 for teachers with \$200 annual increments for a limited number of years, and a minimum subsidy of \$1000 per teaching unit.

A third measure introduced in the Senate called for retirement after 35 years of service with an annual equal to one-half the individual's annual salary for the last 10 years.

Three Measures

The three measures, drawn up by the Pennsylvania State Education Association, ultimately would cost the state an additional \$29,250,000 a biennium, if approved in their present form by the assembly. The sum would be in addition to \$195,000,000 earmarked in the budget for education during the 1949-51 biennium opening June 1.

Additional school subsidies would amount to \$27,500,000 for the period and teachers' retirement \$1,750,000. Teachers' salary boosts would total \$22,000,000 for the two years and would be covered by the increased subsidy grant. The remainder of the subsidy was designed to compensate school districts for possible cuts in state-aid brought about in the 1949-50 school year by a new method of determining the state's school grants.

The state tax equalization board is redesigning the school subsidy structure, basing state-aid on market values of real property instead of assessed values. The new method would eliminate "chiseling" by financially strong districts and give needy districts more proportionate grants.

FORCE TREES AND SHRUBS FOR BLOOMS AND GREENS

Many of the early spring flowering trees and shrubs can be forced into bloom rather easily during February and March. Summer flowering trees and shrubs can be forced into bloom during months. These flowering or leafy branches and twigs make attractive materials for flower arrangements at a time when anything green or blooming is much appreciated.

Methods for forcing are easy and well supplied. The branches need to be well supplied with flower buds. These are found and of a different shape than the leaf buds.

Branches of interesting shapes make pleasing arrangements. They may be selected for use in a particular vase or bowl. Branches under one-half inch in diameter gives best results.

Shrubs or trees which bloom in early spring and before the leaves unfold are most easily forced, preferably in February. Later blooming trees and shrubs force easily in March.

Branches can be cut on a mild day, the stem ends placed in water and stood in a cool room or cellar, after the buds swell the branches can be brought into a warmer room to bloom. Some easily forced branches such as golden bell or jasmine, may be placed in a warm directly.

The branches of those plants more difficult to force should be laid flat and submerged in a tub of warm water to soak. After 15 minutes place the cut ends in large containers of cool water.

The branches may be sprayed with water or moistened by holding under the faucet several times a day to soften and soak the buds much as spring rains hurry the buds in to growth. The stems should be recut, and the water changed occasionally. Shrubs take up large quantities of water and may quickly exhaust all the water in small vases.

After the buds are quite plump the branches may be brought into a warm room and arranged in vases or bowls. The forced flowers and leaves are very tender and should not be given full sunlight. They will keep fresh longer in cool, humid rooms than in hot, dry rooms.

"Forcing Tree and Shrub Branches for Early Bloom" is the subject of a leaflet which may be obtained from the Agricultural Extension office, 206 Post Office building, New Castle.

There is no definite answer to sportsmen's question of "How much good the Aero Game Feeding club has accomplished."

Pirates Obtain Walter Judnich

PITTSBURGH, Feb. 10.—(INS) The Pittsburgh Pirates today signed a pitcher and an infielder and picked up an outfielder from Cleveland on waivers.

Hal Gregg, righthanded hurler, and Monte Basgall, utility infielder, returned their signed contracts to the Pirate office.

Walter Judnich, left handed outfielder, was purchased from Cleveland for the \$10,000 waiver price. The Pirate roster now contains 38 names, two under the maxi-

DUQUESNE RUNS

INTO 65-58 LOSS

The mighty Duquesne university basketball team ran into a 65 to 58 loss at the hands of Syracuse last night at the Syracuse gym. It was the third defeat for the Dudev Moore coached "Dukes," all three defeats being away from home—Yale and Bowling Green having turned the trick.

WAYNESBURG TOPS

ST. VINCENT 75-41

WAYNESBURG, Pa., Feb. 10.—(INS)—Waynesburg college today held a 75-41 victory over St. Vincent.

It was the 11th win in 15 starts for Frank Guscine's Waynesburg Yellow Jackets.

A young Norristown high school pupil, recently endorsed by the Amateur Athletic Union as an All-American swimmer, credits his success to coaching and constructive criticism.

Play To Start On March 11th

All Entry Blanks For Tourney Must Be In "Y" Before March 1

New Castle YMCA will sponsor the third annual junior gold medal basketball tournament here starting March 11.

Entry blanks for all teams participating in the tournament must be turned in at the "Y" by March 1.

Y physical director Harold Pears announced today that the general rules and prizes will be the same this year as in the past. All boys playing in the tournament must be under 19 years of age. Each team may have ten players on its squad, but no team can have more than two players who have received basketball awards for playing on senior high school or college teams.

Entry blanks are available at the "Y".

Many Prizes

Three trophies and 74 individual prizes will be awarded at the tournament. The trophies will be presented to the championship team, the second place team and the "outstanding player" of the tournament. Individual awards will be given to members of the first, second and third place teams and members of the first three all-tournament teams. Other individual prizes will be presented to outstanding sportsmen at each position, individual high scorer for a single game and for the tournament, and to the player who makes the most spectacular shot.

Tournament play will be of the single elimination variety. Once a team has been defeated it will be finished. However, players on the teams that are eliminated in the first round will be eligible for all of the individual awards previously mentioned. If they do not win any of these prizes, they will be eligible for one of ten special awards for outstanding players, whose teams are eliminated in the first game.

Six Day Tournament

Playing dates in the tournament are March 11, 12, 19, 25 and the finals on March 26.

Pears said today that last year's tournament was a success and that many boys and fans have been asking about the possibility of a repeat performance. An award was given last spring to the outstanding spectator at the tourney and all fans will be in the running for that prize this year.

Athletics Sign

Barney McCoskey

PHILADELPHIA, Feb. 10.—(INS)—The Philadelphia Athletics announced the signing Wednesday of William (Barney) McCoskey for an undisclosed sum.

The fleet-footed centerfielder who led his team in hitting last season with a .326 average becomes the 27th player to join the Athletic fold.

McCoskey has compiled a lifetime average of .317 for seven years major league service.

He was fourth in defense among the American league outfielders during 1948 with an average of .990.

**Optimists Plan
For Tournament**

Plans for a senior basketball tourney are being worked out by the New Castle Optimist Club members for the latter part of this month and the first week in March. The site of the tourney has not as yet been determined. Lee Frye is the general chairman of the proposed tourney.

Washabaugh Considers Two-Platoon System

Grover C. Washabaugh, cage coach at Westminster College, is seriously thinking of adopting the two-platoon system which Coach Adam Sanders is using successfully at W.J. The personal foul rule has been wrecking the Titans in the late stages of every game and Washabaugh believes the two-platoon system may be the answer.

The system may be given a trial Saturday night when Pitt is played at Pittsburgh, in one of the most important games on the card. Washabaugh fears he will be without several of his mainstays in the third and fourth quarters against Pitt's fast moving figure eight offense.

Has Real Problem

Washabaugh's season-long problem was well illustrated in the 70-66 victory over Bethany Tuesday night. The Titans started the fourth quarter with Don McCullough, Chester Dembinski and Ed Halas on the bench with five personals. A 63-47 edge which the Titans held at the start of the quarter soon faded. With 30 seconds to go, the lead had been cut to 68-66. Afield goal by Johnny Abraham tied the verdict.

If Washabaugh decides to use the two team system, Pat King, 63" guard from Connellsburg, and Ed Halas, 6'4" center from Ford City, will be key men. King especially, has been playing a high type of ball. He was the most successful against Mewhirter, Bethany's high scoring forward.

The game at the stadium will be the first of a two game series with Pitt. The return game will be played at Farrell, Feb. 26.

Migratory Fowl Study Made Here

Sam Shade, game protector of Lawrence county, today reported Carl Warren of Jamestown, is affiliated with the migratory waterfowl survey, visited the northeast section of Lawrence county yesterday to study areas which may be suitable for the development and management of migratory birds.

The movement is conducted under the auspices of the State Game commission, and is in conjunction with the federal government's Pittman-Robinson fund.

Mr. Warren, who is a biologist, believes we have areas where it may be possible to exploit migratory fowls," Shade stated.

Upon his report depends whether or not engineers will be sent to this district for development.

It is connected with the request of those who favor dams and ponds.

East Brook Clips Eagles 61 To 55

The East Brook Boosters clipped the Eagles club last night 61 to 55 in a city-county league game at the East Brook floor. There were plenty of goals called. East Brook made 13 out of 23 and the Eagles 13 out of 16. Carl Jameson continued his sensational scoring in the league with 21 of the East Brook points. "Peek" Humphrey had 17 for the Eagles.

In the preliminary game the Boosters lost to the Croton Five 37 to 34.

Tripucka Signs Eagles Contract

PHILADELPHIA, Feb. 10.—(INS)—Frank Tripucka, Notre Dame's great T-formation quarterback, Wednesday became a member of the Philadelphia Eagles National league football champions.

Signing of a two-year contract by Tripucka was announced by Eagles President Jim Clark. The six-foot-two Bloomfield, N. J., back piloted Notre Dame through an unbeaten season in 1948.

The Eagles recently acquired two other nationally famous players—center Charles (Chuck) Bednarick of Penn and halfback Clyde (Smackover) Scott of Arkansas.

Game Regulation

Announced Today

Anyone desiring to retain the flesh of legally killed game after 60 days from the time the season closes may do so, by paying a dollar to the State Game commission division office at Oil City, or to game protector Sam Shade, the latter an

agent of the Pennsylvania Game Commission.

For a doe season is established in 1949, regardless of protests, there will still be a large kill—and I'm not afraid to estimate or predict a larger deer kill than the one recorded in 1947. Ask the hunter who is against killing of does if they bagged one in '47!

We have eight game commissioners leading us. We don't recognize them as persons knowing what they are talking about. Instead we listen to one individual who says the opposite, probably just because he has the nerve to do so. Why don't we mind our own business, and let the game commission run the works—that's what we're paying them for. They're doing a swell job, and will continue to do so as long as we let them.

I have in my possession an article I wrote recently entitled "Our Deer Problem" which I would be very happy to submit to you. You are welcome to make whatever use of it desired. The story was read and approved as correct by Ross L. Leffler, president of Pennsylvania Game Commission.

Very sincerely yours

CARTIER KAYOES LEE IN EIGHTH

NEW YORK, Feb. 10.—(INS)—Walter Cartier, hard-hitting young New Yorker, inched his way a little nearer to the leading middleweights today after thoroughly defeating Don Lee, of Edison, Neb., with an eight-round knockout last night.

Cartier floored the so-called Nebraska Wildcat five times and wrestled him down once more to curtail the scheduled 10-round bout in the Tournament of Champions' Little Manhattan Center Arena.

The victory kept Cartier among the foremost punchers in his division and all but shuffled Lee into the discard. It was his second straight knockout defeat. In his first start this year the Nebraskan was stopped by J. T. Ross, in a California ring.

Bill Walsh, Star
Notre Dame Center,
Signed By Steelers

PITTSBURGH, Feb. 10.—(INS)—

The Pittsburgh Steelers today announced the signing of Bill Walsh, outstanding Notre Dame center and the biggest collegiate star to come to terms with the Steelers this winter.

Coincidentally, the announcement was made on the C.O.D. wedding day. He married Shirley Whoit, a former high school chum, at Phillipsburg, N. J., Wednesday.

The Chicago Hornets had draft rights to Walsh in the All-American conference. Terms of the contract were not announced.

Mark Dolin, 240-pound tackle from Temple, also signed with the Steelers today. Dolin is from Atlantic City.

Morella Big Five
Playing Bessemer

Morella's Big Five basketball team will go to Bessemer tonight to battle the strong Bessemer Legion, and Friday will go to Youngstown to meet the fast Sciencerville team.

Arrangements are in the making to bring the Cleveland Browns team here for a benefit game for North Borowicz at the Arena later in the season.

"The only long range solution to the professional football problem," Admiral Ingram said, "is the continuance of two separate leagues observing certain businesslike working agreements."

St. George, Presby
In Exhibition Wins

St. George Greeks really piled it on last night as they romped to an easy 60 to 35 win at the expense of Third U. P.

One other game was on the exhibition schedule currently being played on the "Y" floor between halves of church league competition.

First Presby whipped First U. P.

Ernie Hrisoulas topped the Greek scorers with 16 points. Each man in the St. George line-up contributed to the total in a game that favored the winners only 26 to 23 at the half but became a run away in the last two periods.

Upset Win

The First Presbyterian win would normally be considered an upset. However, neither team had their regular league team present and little significance can be attached to the win. Jim Rugh and Jake Glenn topped the First Presbyterians with 17 points between them. Lloyd Spears had 11 for the losers.

I read with interest your column in regard to a letter received from Mr. Richard Grist, of Ames, Iowa, concerning the doe season in Pennsylvania.

We often hear of hunters coming back from the fields with the comment: "I didn't get a buck, but there were plenty of does around." This is because the majority of the million deer estimated to be in Pennsylvania are does—an overwhelming majority. This is more than we can feed naturally or artificially.

In fact, the deer herd has increased to such an extent that they

can now be found in the suburbs of Pittsburgh and Philadelphia—our largest cities. We often hear of deer damage to farmers crops, or a deer scampering through small towns jumping through windows and scaring many people. This wouldn't happen if there was enough food to be found in forests to feed such an enormous herd. Now growth hardly gets a chance to reach maturity when hungry deer begin to eat them.

Then, take a look at the deer kill, both bucks and does. In 1947, the Pennsylvania Game Commission established a doe season for one day, while that same year there were 11 days in which nimrods could hunt bucks. The figures stand at: 31,475 bucks in 11 days and 63,568 does in only one day. In other words it took only one day to bag 63,568 does, while on an average we bagged about 2,861 bucks in one day. Look at the comparison. There is none.

This alone is proof that there are many more does in the field than bucks. Many of these does are of no use to the herd, the hunter nor farmers' crops. The animals become barren, and while producing no young for our future deer herds, are being protected by the state's hunters. They are eating food that should be for their offspring.

Outdoor writers, as well as the game commission have suggested open season on large does, which was put in effect at one time, but proved fruitless. The result was many illegal kills by hunters who claim they couldn't tell if the animal was a full grown doe or a fawn.

These hunters should stay out of the woods. They're nothing but a menace to our deer herd, and well-meaning sportsmen. Last year, Pennsylvania had an all-time record high of over 4,500 illegal deer killed by hunters and others. Some of these, probably a large percent of whom are opposed to the proposed doe season in 1949 and any other year. They're not sportsmen. A person that can't tell a doe from a buck should stay out of the fields before a hunter is taken from a deer.

Pennsylvania would be far better off with a smaller deer herd, and fewer hunters. We surely can't feed them. The only solution is to decrease the herd to correspond with the available food supply, and grazing capacity. It is estimated that the normal size of our herd should not be more than 300,000 deer. We now have about a million.

I agree with Mr. Grist that outdoor writers should work with, not against the game commission. The men who head the commission have studied game conditions and solution to many of the problems. They have expressed their opinions, but smart guy who claims he knows it all says just the opposite. The average sportsman is therefore confused.

There is actually little knowledge gathered from a poll, such as the one you mentioned, on the subject "Shall there be, or not be, an open doe season?" Maybe a hundred and seven nimrods don't want a doe season and five do. But ask with that same question: "Why?" and "Are you familiar with the deer problem in Pennsylvania?" I only wonder what answers would result then? In 1947, 63,568 hunters killed does. There were also many that went afied but came back with an empty game bag. These persons apparently, or at least shouldn't have been against a doe season. At least that one day.

If a doe season is established in 1949, regardless of protests, there will still be a large kill—and I'm not afraid to estimate or predict a larger deer kill than the one recorded in 1947. Ask the hunter who is against killing of does if they bagged one in '47!
